

# It Happened TODAY

## Cold War

Communism is on the wane in the west says South Atlantic cable. Able seamen and soldier, Field Marshal Jan Christian Smuts, Russians overpowered him in their pressure game in Europe which is now moving to the historic movement for greater freedom in opinion of Smuts.

FIELD MARSHAL SMUTS  
... Communism on wane.

## People

Sir Harry Lauder is making a brave fight against a lingering serious illness in his 79th year.

The man who said "Nuts" to a German surrender demand in the last war has become chief of the U.S. Army Chemical Corps. He is Maj.-Gen. Anthony C. McAuliffe, who made history at Bastogne during Battle of the Bulge.

## Manners & Morals

Members of Canada's parliament are "caviling" again, George F. Gurnea, Liberal member for Leeds in Ontario, put McIntosh reds on all members' desks. This was too much for B.C.'s George Crookshank. He addressed the house with two apples held on high, a big one and a little one. Said Ontario people was a good appetizer for the big B.C. apple.

## Politics

Teachers can't be responsible for political errors of former pupils. That's the view taken in Parliament by R. R. Knight, Cdn. member for Saskatoon. Knight "apologized" to the former political pals of his former pupils, John M. Harston, M.L.A. of Lake, and F. H. Larson, Kenderley, both Liberals.

Liberals caught heck in Canada's senate just because pigs were too tight. Senate was voting approval to a \$124,783,482 interim supply bill when veteran Senator John T. Haig declared at the usual automatic approval. Pig boy had cleared his copy off each night before. Haig was too much declined to approve second reading.

## Aviation

Canadian government has a committee working on plan to co-ordinate search and rescue work on both seas and around Great Lakes. Transport Minister Chevrier has told the Commons that functions of all departments of Government are being studied.

## Health

Canadians are healthier than they've ever been despite rising costs and income taxes, says health expert Dr. T. C. Routley, secretary of Canadian Medical Association. Dr. Routley credits return to civilian practice of 5,000 military service doctors, greater relaxation and better food in post-war period.

## Atomic Age

Man who bombed Tokyo during dark days of Second World War recommends western powers "be hard" to get along with Russia, but keep their atomic "powder" dry at the same time. Lt.-Gen. James H. Doolittle, in Winnipeg on a duck-shooting trip, came up with these views. He'll "bet" on B-50 bombers being superior to anything the Soviets have in the line of bombardment aviation.

## Defence

Field Marshal Sir William Slim will tour British defenses in near and far east shortly. He plans to visit India, Pakistan on his way to Hong Kong and other British bases in the Far East.

## The Nation

Canada will reallocate agricultural specialists in the nation's trade commission service in bolster strategy against Britain. C. R. Peterson, agricultural counselor at Washington, will be transferred to Ottawa to super-

GENERAL DOOLITTLE

# Atom Committee Pledged in House

## Commons Is Told By Howe Group To Be Set Up Soon

By Ronald A. Nickerson  
OTTAWA, Sept. 30.—(BUP)—A special Commons committee on atomic energy will be set up shortly, Trade Minister C. D. Howe told the House yesterday.

C. D. HOWE  
... Atomic energy committee.

Howe, secretary of Canada's atomic research and development, said the government "will be glad to cooperate with other parties in the House in the setting up of a committee at the proper time during this session."

PC SUGGESTION  
Howard Green (PC-Vancouver-Quebec) suggested that the committee be established.

"This is now one of the most important questions to be faced by our nation and the House of Commons," he said. "I would urge the government to move to set up this special committee without further delay."

CCP leader M. J. Colwell and Social Credit leader Selwyn Lloyd supported Green's proposal. They were joined by J. L. Gibson, (Ind.-Quebec-Alberta).

NO SECRETS  
"I do not suggest, of course," Colwell said, "that any highly secret information should be disclosed to the House and the country should be kept in the dark about the development and use of atomic energy."

He, quoted later in private, said that had nothing to do with his statement in the House. Details of the committee remained to be worked out, he said.

FORMER Toronto school teacher and ex-friend of Gerard Dore, international society leader, Betty Little in London, Ontario, said today in Los Angeles.

OTTAWA, Sept. 30.—(CP)—General increase in railway freight rates authorized by the board of transport commissioners had work will become effective Oct. 1.

The board ordered that the railroads must give 10 days' notice before putting in the permitted eight-percent general increase. The new rates now are being filed with the board, and officials said today it was expected that the railroads would take full advantage of the new rates.

Hundreds of new tariffs are in the schedules being filed with the commissioners and, while officials said it was difficult to determine immediately if the full increase was being called for in all cases, it was expected that the railroads would take full advantage of the new rates.

The carriers had sought a general increase of 20 percent. The board gave them about 10 percent on commodities, with a flat increase of eight cents a ton on coal and coke.

LOS ANGELES, Sept. 30.—(AP)—Former Police Chief C. B. Horrall, a speedy trial, has been acquitted on perjury charges.

Perjury and bribery charged against another officer, Lieut. Rudy Weipert, were dismissed yesterday by Judge Stanley N. Barnes.

The judge indicated the grand jury had returned indictments against Horrall and Weipert on no evidence.

PRINCE RUPERT, B.C., Sept. 30.—(CP)—Earl Johnson, 24-year-old, fisherman, was acquitted of a charge of murder early today as an Assize Court judge.

He was charged with the rifle slaying of his brother, Capt. Victor Johnson, during a quarrel aboard his boat in harbor here Aug. 32.

Earl Johnson pleaded self-defense in a statement to police he said: "I shot my brother in self-defense after he had stabbed me in the arm with a knife."

The shooting occurred about the time Earl Johnson was being operated by Capt. Johnson. It followed a drinking party.

French vs. Italian  
The tough-tongued movie star, specialist in tough-kick, hard-fighting roles, played to standing room when he appeared to answer the curious moviegoers.

Her story was that Bogart showed her, causing her to fall and injure herself on the stairs and elsewhere, when she playfully brought a 30-pound spy panda Bogart had brought to the midtown night club.

A crowd of about 250 applauded Bogart's performance in the midtown night club.

PROMINENT Edmonton civic worker, Mrs. P. R. Gaboury is second vice-president of the Edmonton Community Chest, which opens its annual drive Monday for \$135,000.

Let Him Keep His Old Doll!  
NEW YORK, Sept. 30.—(AP)—Humphrey Bogart, the movie tough guy, was cleared today of bruising a pretty model because she tried to take his panda doll away from him.

Magistrate John R. Starkey dismissed an assault complaint brought by brunette Robin Roberts, 35, thus ringing the curtain on the pre-dawn battle of El Morocco.

Starkey said there wasn't enough evidence to warrant a formal charge being placed against Bogart.

# \$20 MODEL Headaches Have Way Of Piling Up

There's one sadder and wiser drunk in town who has a high economy-value headache today.

It started last night when he made a desperate dash for freedom as police officers were escorting him to the police "impose."

His chances for freedom looked pretty good at first. He broke away and was well ahead in the stretch. Bystanders were offering three to two on the drunk.

Then along came a traffic safety island and fell on his head, gashing it deeply. He was taken to Royal Alexandra hospital where his scalp was stitched back together.

In court today he was fined \$20 or thirty days to add to his headache.

Deadline Nears In Steel Strike  
(Continued from Page 1)  
In hope of averting a crippling steel strike which would make idle some 1,000,000 workers. They summoned union and management for further sessions in an attempt to settle the controversial pension-insurance plan.

AGREES TO PROPOSAL  
The union said that the Portsmouth Co. steel corporation, employing 4,000, has agreed to a union proposal of a 10-cent-an-hour pension-insurance package to be completely company-financed.

The deal shut down already has made idle 32,000 workers on coal-hauling railroads. A spokesman of the northern and western operators said in Pittsburgh there will be a coal shortage within two or three weeks if the shutdown continues.

There appeared no progress in talks between UMW representatives and operators on the pension-welfare fund issue.

# Undamaged Flag Maori Miracle

AUCKLAND, N.Z., Sept. 30.—(CP)—Fire last night razed a Maori community centre.

But a Union Jack, used by a famous Maori battalion through its campaigns in the Second World War, was undamaged though the wall on which it hung was burned.

"It's a miracle," said Maj. K. T. Karavira, chaplain of the battalion. "The Maori look upon the flag as sacred."

## Rate Boost Hits City October 11

North and Central Regions Will Not Be Much Affected

Edmontonians will start paying more for eastern and west-coast goods within two weeks.

Recent eight per cent increase in freight rates granted by the board of transport commissioners are into effect Oct. 11.

City freight offices received advance notice this week of how the freight-rate picture will change, but actual increases in tariff books have not yet been received.

While the eight per cent increase will affect thousands of commodities, the freight rate picture is complicated by numerous exceptions which won't be affected.

**NO INCREASE**

Probably most important to consumers is that there will be no increase on rates published to compete with water or truck transportation.

For Edmonton, these special low-class-rates are effective for a 300-mile radius from the city.

Thus, to meet central and northern Alberta truck competition, rail rates will increase on goods shipped within the province.

**GRAIN UNCHANGED**

Grain men will be interested to learn that there will be no increase in rates on grain or grain products except for out-of-line haul and stoppage charges.

There will be no increase on "switching" rates in cases where business firms have made deals with a railway to get reduced rates if they do all their business with that railway.

Switching or car rental rates won't be boosted.

**SWITCHING UP**

Present minimum charge of 75 cents for single shipment won't be increased.

Switching rates will be increased eight per cent "switching" refers to moving a railway car from one place to another in railway yard.

Coal and coke shipping rates will rise about 10 per cent.

And apart from the general increase effective Oct. 11, rates on lumber and fruit from B.C. will be increased eight per cent effective Oct. 21.

**McCauley League To Hold Annual Election Monday**

McCauley Community League will hold its annual election of officers on Monday at 8 p.m. Good turnout of members is requested to discuss the winter program.

Play school for pre-school children also begins Monday at 9 a.m. Mothers wishing to register their children are asked to be present.

Regular Thursday night socials will be held Monday, Tuesday, Wednesday, and Friday mornings from 9:45 to 11:45 a.m.

Next McCauley Tennis dance will be held Oct. 9 at 8:30 p.m. These dances are held every other week.

Regular Thursday night socials will be held Monday, Tuesday, Wednesday, and Friday mornings from 9:45 to 11:45 a.m.

One New York hotel has a restaurant on the top floor with a roof that can be rolled back in hot weather.

**INDUSTRIOUS octogenarian** is Mrs. Charles Love, 10996 123 street. Though 82 years old, she firmly believes in keeping busy all year, and yesterday decided to paint the fence. She and her husband, who is 83, recently celebrated their golden wedding anniversary.

## Activities for All Ages Provided By League

Highlands community league recreation committee is going full swing.

There's something for everyone—from the age of three to 73—to do.

Full winter program includes playgroup and rhythm band classes for the tots; gymnastics, drama and crafts for older boys and girls; tennis activities and dances for adults; a keep-fit class for women; and square dance classes for anyone over 16 years.

All activities will be held at the Highlands community hall under supervision of Jean Smith and Walter Farny.

Mrs. Art Potter is chairman of the league's recreational activities.

Parents wishing to have children join the recreation activities are asked to contact Mrs. Potter at 71546, or Miss Smith or Mr. Farny at the community hall, phone 78350.

One of most popular adult features of the recreation program have been the square dance classes, which will this year begin on Thursday, Oct. 13.

Classes will be held from 9 to 10:30 p.m. under the direction of Harold Wright, director of recreational activities for IJVA, and may result in regular Saturday night dances.

Pemmican is the name of a food the Indians made of jerked beef, bison meat, serviceberries, and nut.

## Police Seek Missing People

The following missing persons are being sought by city police:

Goetz Gwalschenko, who is believed to have come to Edmonton in May from Whitecourt. He is sought by his son Gus, in Italy.

Three German immigrants are asked to contact a countryman in Australia. They are Karl Kahl, Fritz Maier, and Wilhelm Kasper, being sought by W. Maier in Sydney, NSW.

Members of the family of the late John Kelly are asked to contact the police.

EDMONTON BULLETIN, Friday, Sept. 30, 1949

## Victim's Body Still Sought

Dredging operations are still going on for body of John Edward Johnson of Calgary who drowned when a single-engine Fairchild plunged into Great Slave Lake Saturday.

Johnson was a passenger in the plane piloted by A. O. Finard of Edmonton and Yellowknife.

Finard's body has been recovered and will be flown to Edmonton for burial.

An inquest into the cause of the crash will be conducted by Department of Transport officials at Yellowknife.

## Cheque Forger Gets 18 Months in Jail

A 28-year-old Edmonton man was sentenced to 18 months hard labor in the Fort Saskatchewan jail in police court today.

Leonard Plahn, no fixed address, today pleaded guilty to two charges of uttering forged documents amounting to \$40.

On Sept. 17 Plahn cashed a cheque for \$20 in a local pool hall. He cashed the second cheque on Sept. 18, at a grocery store, in payment of an account and received \$6 in change.

In both cases the cheques were drawn from the Canadian Bank of Commerce on his father's account. Upon questioning by the police Plahn told them he had intended to repay his father the money.

By the Staff

**STUNT FOLDS**

Many necks were craned skyward about 8 a.m. today when a huge fabric advertising banner came floating eastward in the vicinity of Jasper avenue and 109 street. The banner had been attached to a Cessna twin-engine plane flown by Will Olsen of Calgary (Rocky Mountain Air Services) and was intended as a novel advertising stunt in a special event for a city department store.

**HOLIDAY OVER**

Holiday ended yesterday for Chief Justice W. R. Howson. He was back in supreme court chambers yesterday after a month's holiday at Kalamazoo, Mich., where he visited his brother, Dr. O. C. Howson.

**MOST LIKELY**

One of our reporters was walking along Jasper yesterday when he met a chap wearing a double-breasted vest. Probably a visitor from Calgary.

**GOING EAST**

Six delegates from the Edmonton area will attend the ninth annual convention of the Canadian Congress of Labor at Ottawa, Convention is being held from Monday to Wednesday of next week. About 800 delegates from all over the Dominion will attend. Edmontonians going are D. Brown, of the Canadian Brotherhood of Railway Workers; Jack Hampton, J. Hendrick, Roy Janish, Alvin Powers and A. Stephan, of the United Packinghouse Workers of America.

**ROUTINE TOUR**

Senior personnel officer Royal Canadian Mounted Police, Inspector W. H. Nevins, Ottawa, is making a routine tour of the Edmonton division.

**OFFICIAL NOD**

Mayor Harry Atlay is making plans to officially greet the Flying Farmers Sunday morning.

He has also authorized erection of a huge sign saying "The City of Edmonton welcomes the Flying Farmers" on top of the Flying Club hangar.

**OFFICIAL VISIT**

Alberta farm boys and girls attending the livestock judging competition at Ods today are being visited by several officials of the department of agriculture. R. M. Putnam, assistant deputy minister, F. H. Newcomb, supervisor of district agriculturalists and G. S. Black, supervisor of club work are attending the young people's events at the Ods School of Agriculture.

**EDITOR HERE**

Northern Alberta's hunting grounds has lured Wilbur Herold, assistant editor New York Herald-Tribune, from his editorial desk for two weeks.

He arrived here today for a duck-shooting expedition to Great Bear Lake, and later for upland game birds in the Peace River territory.

He will leave tomorrow for Great Bear Lake, accompanied by Gen. H. Webster, and later for upland game birds in the Peace River territory.

"To just an editor on the loose," said Mr. Forrester, when asked to comment on devastation and misery subjects.

**BACK FOR VISIT**

Regional supervisor TCA at Vancouver, J. M. Jackson, is a visitor in Edmonton. Prior to his appointment to the Vancouver post at beginning of this year, Mr. Jackson was general agent in Edmonton.

## Box Deliveries Of Kiwanis Apples

Arrangements have been completed to permit Edmontonians to personally pick up their box of KIWANIS apples tomorrow and Saturday if they so prefer instead of waiting for the normal delivery next week.

Boxes may be obtained by presenting the Pink Order Slip to the Kiwanians on duty at the C.N.R. freight car located at the corner of 104th Ave. and 107 St., at the following times:

FRIDAY — Sept. 30, between 2 p.m. and 6 p.m.

SATURDAY — Oct. 1, between 9 a.m. and 6 p.m.

Please Remember to Bring Your Pink Order Slip

If You Have Purchased Your Apple Yet

TELEPHONE 26101 (Harry Maddison—Chairman of the Box Sales)

# Attempt to Confuse

So stubborn and childish is the Journal newspaper's opposition to the civic auditorium that the best comment it can make on that project is the use of a stupid attempt to confuse the issue.

The Journal knows, as The Bulletin has already pointed out, that the auditorium bylaw was defeated on a previous occasion because the burgesses held a mistaken idea that the structure was intended for cultural purposes only.

Thus it harps on the old point, seeking to perpetuate this misapprehension, and draws an entirely false and inappropriate comparison between the need for an auditorium and the need for sewers, roads and sidewalks.

The fact is the auditorium is much more

than a cultural project. Even in the simple function of bringing conventions to Edmonton, it will be a highly significant factor in the development of our industries here, merely of practical interest to taxpayers.

Of course, roads and sewers and sidewalks are needed, desperately needed. But the auditorium need is just as practical and basic as any of these.

Besides, why must Edmonton pick and choose among these vital needs?

When a private business needs to expand, it goes out and borrows money. The corporation of Edmonton, potentially rich and sound, can do the same.

For Edmonton, unlike the Journal newspaper, is a big institution now.

## Demand for General Election

Winston Churchill's demand for a general election in Britain to give the British people an opportunity to accept or reject the Socialist government's economic policy will appear to most Canadians to be eminently reasonable.

There is no political trickery in the charge that Britain has been brought to the brink of national and international bankruptcy.

Spoken for the Attlee government have admitted as much in their own words. The very nature of the financial and economic measures with regard to profit tax and wages indicates an economic crisis of the most serious nature.

Moreover, the integrity of government leaders is gravely in question.

Sir Stafford Cripps led badly and

flagrantly and deliberately in denying an intention to devalue the pound at the very moment the details were being arranged.

The action of the government in ordering an increase in the export price of cereals, a similar increase in the price of the pound was devalued for the ostensible purpose of lowering the prices of British goods abroad is indicative of trickery and practical dishonesty.

Mr. Churchill appears to have every reason to demand that the people of Britain be given a chance to elect a government and a government which would be competent in the matter of buying raw materials has contributed largely to the high price of British goods abroad and to the failure to increase the volume of such sales.

## Debasing Judiciary of Canada

One result of the abolition of constitutional powers of the privy council will be the danger of debasing Canada's supreme court into a machine for the politicians.

This danger becomes all the more menacing in view of the fact that almost every basis of relationship between the federal and provincial authorities is coming up inevitably for constitutional review.

In other words, we have arrived at a period in Canadian history when federal rights and provincial rights must be examined with scrutiny and care.

This examination is bound to carry certain issues into the courts. If these issues are carried before the judicial committee of the privy council, they would receive the consideration of an absolutely disinterested bench capable of weighing them solely on the merits of fact and law.

If they are carried before the supreme court of Canada, as the first arbiter of constitutional law, they will receive the consideration of men who already hold an opinion dictated by inevitable parochial bias.

It is ridiculous to argue that any court

is beyond the reach of native prejudice. The supreme court of the United States, as capable a bench as any in the world, has been notoriously "packed" upon occasion for the purpose of carrying out the constitutional policies of a federal administration.

The same thing could easily happen in Canada to the degradation of the entire Canadian judiciary.

Moreover, the submission of constitutional matters to a native court is almost certain to invite sectional divisions in that court.

And if the members of the supreme court are appointed on the basis of population, as has been the case in the past, they would be brought up for adjudication.

Nothing is reflecting upon the inherent integrity of Canadian judges.

But sectionalism has influenced judicial judgment elsewhere. And even the supreme court bench cannot be composed of arch-angels.

It is highly dangerous in this crucial period of Canada's constitutional readjustment.

## CBC's Unreasonable Demand

Good sound sense was talked in Edmonton this week by W. T. Burnham of Toronto, general sales manager of the Stronberg-Carlson radio network.

Mr. Burnham said that if the Canadian Broadcasting Corporation could not operate successfully on its present income and government subsidization, it should get out of the broadcasting business.

That is a thesis with which 99 out of every 100 Canadians will unhesitatingly agree.

Private radio stations operate without license fee or subsidy and make a reasonable profit.

Therefore if the CBC cannot broadcast on the same basis, its structure and organization are economically unsound and should be wound up.

Canadian radio owners are willing to pay a modest fee to support the CBC as a controlling organization.

They would be willing to pay a larger fee should the CBC go entirely on a non-commercial basis.

But to pay a \$5 fee to enable the CBC to compete with private enterprise is to encourage the CBC to go on as it is, an insatiable drain for public money.

## ON THE RECORD

By Dorothy Thompson

## Soviet Trials Accomplish Falsification of History

The "trial" of Lurik Rajk and other former members of the Hungarian Communist government followed the Russian pattern of trials in the Moscow purges of 1936 and 1937, when men with three-star names in the Communist hierarchy were joined the prosecution to confess to treason to conspiring against everything to which they had devoted their lives.

These "defendants" Thompson continued to have conspired with the heretic, Trotsky, and with German agents.

A foreign power, Hitler Germany, was directly involved. In the Budapest trials, Tito took the place of Trotsky and the United States the place of Hitler Germany.

The trials in Budapest were a trial of the United States, which has no direct way to protect herself.

Nazi, the former foreign minister, told the trial that the United States, through its minister, Selden Chase, blackmailed him into becoming a spy for the United States.

He was then overthrown by the government, by conspiring to overthrow the government, by conspiring to overthrow the government, by conspiring to overthrow the government.

Another "defendant," Dr. Tibor Szueszt, implicated Mr. Allan Dulles, formerly of the CIO, as blackmailed Marshal Tito in 1945 to organize a Balkan front against the Soviets.

The Americans involved have declared the charges totally without foundation. That this is so

is supported by the character of the charges and the foreign policy of the United States at the time.

Nevertheless, these trials are part of the historical record. Their "evidence" may be laughed off in the United States, but will be spread in the Communist states, whose peoples number a third of the world's population.

It is a part of a dossier aiming to prove that the United States is a menace to be destroyed.

The trials are directly related to war.

Beyond the personal details of Mr. Chapin, Mr. Dulles, Mr. Chase, before the United Nations, must, it seems to me, do two things: first, to explain these "confessions" and second, to produce concrete evidence that they are false.

Although we will be granted, if it should, for the record, demand the right of these accused persons to appear and cross-examine their accusers.

We should do this in the interest of history. We have been seeing for years the systematic destruction of history, through the history of the Russian revolution; of the history of relations between states.

Without being able to give an accurate account of the past, civilization slides into barbarism. Civilization is collective memory. That is why our children are taught to read history, to give an account of the past.

For unless they have objective knowledge of the past they will be politically feeble-minded in the present. The reason for providing objective scholarship and free universities is precisely to prevent history from becoming a tool of the victors.

## Sex Criminals Should Be Held

A police court item reports a man sentenced to six months on an indecency charge for having two small girls. Fortunately he appeared in court with a witness and as a result he pleaded guilty to the charge. If next spring he will be turned loose.

But that matter also disclosed that on April 30 of this year this same man had been convicted on two similar charges of indecency.

Apparently that earlier conviction and sentence did not go to his head. There was reason for thinking that this last, sentence was going to accomplish any more?

That is the point I had tried to make in this column on a number of occasions. These reports repeat the same offense. Every case that comes up serves as added proof of this fact. Each serious case of this kind appears to bring out a background of similar offenses which progress from bad to worse.

In many cases, someone is killed. What point is there in sending this convict down for six months if at the end of that time he is to be turned loose until he is back in court? It is true that we do not know that he will repeat. But we do know he has already repeated and why should we take a chance?

If this sort of thing happened at rare intervals it might be said there was no need for much concern. But these cases are cropping up far too often.

**Time For Realism**

It is time we applied a bit of realism and made provision for holding these persons in confinement for an indefinite term.

Persons suffering from other forms of mental illness are held in that way. We would be shocked if persons suffering from mental forms of insanity were released after six months or a year and then released until such a question as to whether they should be confined in the interests of the public.

No one would ever think of applying the same leniency to persons who are insane. Then why the difference in these cases which are also the result of a mental condition? There are many theories about these matters. It seems obvious there is a mental condition. But it is not a disease. It appears there is no known cure. It may be that in some cases there is a change but there is no technique by which such a question can be tried and pronounced cured. Even in cases where, after years of observation, it seems that the condition has changed, there can be no certainty that the person will not relapse.

Actually, the idea of jail for persons suffering from mental illness is foolish. Punishment has no effect upon them. But one cannot help mounting a list of such cases without feeling that the community is being put at risk. These people must be restrained and that they can only be restrained.

## Jack Scott

## Reaction To News Of Russia's Bomb

In the glass office next to mine, the editorial brains were in conference, deciding what we should say to the world's press.

The paper's noon edition lay on my desk with its heavy, funeral-black headlines: "Russia Has A Bomb," "Heralded in Britain," "The world's attention was riveted on it." It was in type that hadn't come out of the case since the war and it showed its age.

Under it there was a picture of the Bikini explosion, the familiar, obscene mushroom. Science's gift to war.

The sports writers poked his head in the door, grinning, and said, "Getting ready to shoot down your old enemy. The very best in the face of the radioactive cloud. I found I was excited too."

I admired the sounds of calm and collectedness in the writer's age. It's a wonderful gift to take an overwhelming fear like that and make it draw certain conclusions and state them in a firm voice. I wondered if I would ever be able to say it as well as an editorial writer.

My own reaction to that big, bold title, and perhaps the reason I was so nervous, was a conviction, but a feeling. Most of all, it was a feeling. In the ocean—have felt since the war's end as if we were drifting along in a sea of uncertainty. Nervously, even unhappily, but without panic. It's not merely easier to go with the tide, but there are so few alternatives. We hear a few people around us occasionally crying "Hitler" but they are small, lost voices.

No one showed any positive reaction to the news yesterday, and I wonder how many of us felt as if we were drifting along in a sea of uncertainty. Whether it is still too late to change the course of our drift.

**Sense of Reality**

It seems to me that the long-term effect of that headline may be, in one major respect, for the good. When my wife and I returned from a trip into the United States last year, we came back full of gloom. The Americans we met seemed to have no sense of reality in their thinking of either the cold war or a world war.

We met so many of them who had been living in the security of the bomb as the German atom bomb—the only atomic bomb—had been thought of their "invisible air force," promising them a swift end to the war.

Now that feeling of security is broken. The headlines are breaking over Moscow, and over our own government. That possibility of a world war, that peace again seem more precious.

But now the Russians... The final effect has come in now. The headlines are breaking over Moscow, and over our own government. That possibility of a world war, that peace again seem more precious.

It was a game in the beginning, I guess, but then someone took a risk and our game was hurt. The game was for keeps. We retaliated with atomic bombs. We were in a paper bag and Saturday night was full of them. The picture of Bikini has gone back into the morgue and there's a new headline: "Disasters Not Alarming."

**Today's Text**

Wherefore... let us lay aside every weight, and the sin which so easily entangles, and let us run with patience the race that is set before us.

—Hebrews 12:1

## Letters to the Editor

### Family Prayer

Bulletin.—The rosary crusade for family prayer, inaugurated in Western Canada and now spreading to other parts of the country, recalls a similar crusade in the 18th century in Europe, when a great crisis arose there, when the fanatical Moslem hordes swept westward through those Christian lands, leaving desolation and ruin in their wake.

All western Europe was threatened. The Balkans and all northern Africa lay behind the Moslem iron curtains. Calendars in the east were running backwards. Christendom seemed doomed. It was at this crisis Pope Pius V declared a month of prayer through the rosary as now, when a still greater menace threatens the world.

This crusade of prayer opened on Oct. 1st, 1771. A great naval battle was impending in the Mediterranean near Athens. The day came, Oct. 7, six days after the crusade of prayer was declared. The Moslem fleet was surrounded by the Christian fleet. The end came suddenly. The entire Moslem fleet of 40 ships was destroyed. The Christian fleet was saved and more than that, the Christian faith.

The battle of Lepanto, as it is called by historians as one of the most momentous battles of all times.

A. A. CONNELLEY

Edmonton.

**Market Bylaw**

Editor, Bulletin.—The stall holders of the city market, some of whom have been serving the public in this location for twenty years and some for more than thirty years, are going to be asked to leave their stalls.

This has made it necessary to purchase another site and construct another building. The stall holders are going to be asked, for the purpose of this article, to be remembered that the proposed building is to be used for other needed purposes in addition to its use as a public market.

The main market building is to be approximately 200 x 70 feet, and the market stalls are to be constructed that they can

### Moos Bag

Bulletin.—I have just finished reading the letter in your paper sent in by E. J. Lee, asking the name of the bag Indian women carry their babies in.

It is a moos bag, given its name years ago when Indians used moss to pad these bags before putting in the papoose or baby. The moss served as a blanket, but in this modern day and age they have switched to blankets, however, the bags are still being used.

I am not an Indian, but spent most of my life near a reserve. When I was a child, I saw many Indians doing their trading. So I know, became acquainted with their customs, and even learned some of their language. Hope this will solve E. J. Lee's problem.

MRS. D. A. LOGAN

1210 1st Street.

**Smiles**

The husband was often in the wife's birthday or their wedding anniversary. He was reading the paper, the evening when his spouse, starting to write a letter, mentioned to him a calendar, said, "I don't know what day it is."

"I'd have brought your gift and your name and your initials stamped on it."

**From Today's News**

By DE WITT MACKENZIE

Russia's abrupt cancellation of her treaty of friendship with Poland, which she had signed in 1921, has been received from the Russian press as a triumph.

The article adds that the Russian government has decided to cancel the treaty, which was signed in 1921, and that the Russian government has decided to cancel the treaty, which was signed in 1921.

## 5 Russ A-Bomb Spurs Efforts Of Americans

By JOSEPH L. MYLER  
United Press Staff Correspondent

WASHINGTON, Sept. 30.—(UPI)—Russian possession of atomic explosives was expected today to spur U.S. efforts to multiply its limited atomic resources through two new production processes known to be scientifically possible but not yet perfected.

One, a nuclear process called "breeding," would pyramid vastly the amount of bomb explosives that can be obtained from natural uranium, the scarce and costly metal which is the original source of all atomic energy thus far tapped by man.

**COULD BE COMBINED**  
The other would add to uranium as an energy source the metal thorium, which is three to four times more plentiful in the earth's crust than its better known near neighbor in the atomic table.

Both, scientists say, could be combined in a single revolutionary production pile or reactor. So far, the atomic energy commission has treated thorium as a laboratory curiosity which some day may add to the world's atomic resources but is not yet exploitable because of unsolved technical difficulties.

### SEEK BREEDER PILE

But it is driving hard to perfect the so-called breeder pile in which spitting uranium atoms would create usable fissionable material at the same time convert other uranium atoms into the explosive used in bombs. In such a pile some of the atoms to be changed by nuclear transmutation into bomb explosives theoretically could be thorium. This is because thorium of atomic weight 232 can be changed under neutron bombardment within a pile to uranium 233 which like uranium 235 is an atomic explosive.

## Black Mallards Are Moving West

CALGARY, Sept. 30.—(UPI)—Black mallard ducks, usually ranging only as far west as the great lakes, appear to be moving further west.

Barney Joyce of Calgary reported yesterday he had shot a black mallard in the Brant district a few days ago. Earlier this week it was reported a black mallard had been shot near Moose Jaw, Sask.—the first bird of this species to be killed in that province in 15 years.

## Artificial Insemination Immoral, Pope Rules

CASTEL GANDOLFO, Italy, Sept. 30.—(AP)—Pope Pius announced last night that artificial insemination is immoral and against nature in the eyes of the Roman Catholic Church.

The Pope said any child born from this means will be considered by the church to be illegitimate if the donor of the semen is not the husband of the child's mother.

The Pontiff addressed delegates of 30 countries who attended the fourth international congress of Roman Catholic doctors. He received them at his summer palace here. Pope Pius said artificial insemination should be "condemned with out appeal."

### SIN AGAINST NATURE

"Only spouses have the right to unite their flesh to generate a new life," he said. "If the active element (the sperm) has to be taken from a man to fecundate a woman, this constitutes a sin against nature."

The pope said there are cases in which artificial insemination is admissible—such as when a doctor's help is needed to "fulfill the work of nature." This means that a doctor may be needed in cases where

the sperm cannot by natural means reach the cervical canal of the womb. The church would consider this a fulfillment of "the work of nature."

## Rock Burst Shakes Red Lake Mine, But No Injuries

TIMMINS, Ont., Sept. 30.—(UPI)—A minor underground rock burst in the McIntyre Porcupine Gold Mine yesterday shook the downtown section of this northern Ontario gold mining community and rumbled heavily through the city's northern section and adjacent Schumacher.

R. J. Ennis, vice-president and general manager of the largest of the area's 11 gold mines, said the rock burst was recorded at 1:15 p.m. EST, between the 3,500 and 3,600-foot levels of his mine.

### IT'S ONLY MONEY

## 39-Year-Old Hands Out \$13,000 in Wild Week

By FRANK ELEAZER

WASHINGTON, Sept. 30.—(UPI)—One thing about Cornelius La Roy, he's not tight with his money. When La Roy gets fair service with his 85 cent blue plate size figure is about the right size tip.

Apparently he's not hard to please, either. When La Roy hit town from Kalamazoo, Mich., Saturday, his pants fairly bulged with a wad of 210 new \$100 bills. By the time the police stopped him, he was down to about 62.

They had him in Gallinger hospital for mental observation. And his brother Robert was due from Michigan. La Roy was

seized at this turn of events. He said it was a fine thing, when a 39-year-old man can't spend his own money.

The cops said maybe so, but passing out that kind of dough can lead to all kinds of trouble. Why, La Roy gave one local cab driver \$5,000.

"It was my money," observed La Roy. "I came by it honestly, and I wanted to give it away. I just wanted to help some poor people."

All told, he helped a number of waitresses, three taxi drivers, and a few people who happened to be walking by—to the extent

of something over \$15,000. He also bettered the position of Laurel race track \$1,800, through an error in judgment.

John Joseph Brennan, 42, who runs a sight-seeing cab, hauled La Roy around over the weekend, pointing out the White House and such points of interest. Cornelius seemed disinclined to cash \$7,500.

James Sparr, another cab driver, hauled La Roy to a local bank when he glimpsed his bank roll, and persuaded him for his own good to open a bank account. La Roy deposited \$6,000, but kept out enough to pay for the ride. With tip, this came to \$5,000.

## BLOOD is LIFE!

The Canadian Red Cross Society operates a free Blood Transfusion Service designed to meet the needs of every hospital patient.

This service operates 24 hours a day. Blood banks are strategically located throughout the province, and stores of plasma are constantly maintained in every hospital.

The Society stands ready to aid the stricken whenever and wherever help is needed. But the success of this plan is entirely dependent upon the support of voluntary blood donors everywhere!

## 75-80,000 Manitoba Ducks Killed By Waterfowl Plague

By Samuel Solomon  
Canadian Press Staff Writer

WINNIPEG, Sept. 29.—(CP)—Waterfowl's blackest plague—botulism—has subsided in Manitoba's great duck hunting territory around Whitewater Lake. But in its wake has left a trail of death.

An estimated 75,000 to 80,000 waterfowl perished this year alone.

But thousands of afflicted were salvaged, nursed back to health and transferred to fresh water 20 miles away, George R. Fanet, general manager of Ducks Unlimited (Canada), said in an interview.

Also under consideration is the construction of several "feeding bars" in the centre of Whitewater Lake in an effort to divert ducks from dangerous feather-edge areas of the marsh itself.

"The bulk of North America's ducks hatch around western Canada waters," Mr. Fanet said, "and we want to keep it that way."

In recent years, Mr. Fanet said, such outbreaks have occurred at Johnson Lake and Waterhen Marsh in Saskatchewan, Lake St. Francis, Namaka Lake, Richard Lake and Lake Newell in Alberta, and Whitewater Lake in Manitoba.

"An innovation in fighting outbreaks in Canada is the use of an air boat—a flat-bottomed aluminum shell, propelled by a light airplane engine—in patrolling the shallow lake and picking up dead and dying waterfowl."

"While these outbreaks of botulism have only a minor effect on the waterfowl population as a whole, local disasters are impressive and most depressing."

"Ducks affected by botulism present a general picture of muscular weakness. At first the bird is unable to maintain flight and soon the power of flight is lost entirely."

"The head will usually be supported on the crook of the neck" and the bird goes for breath.

"Most effective way of bringing such epidemics under control is by suspending water levels."

As for next year's prospects at Whitewater Lake, there is no indication of a recurrence of botulism. But Ducks Unlimited is taking no chances.

The organization is sending two

### \$857,337 Lost On Butter Imports

OTTAWA, Sept. 30.—(CP)—The government lost \$857,337 on the 15 million pounds of Denmark, Australia, and New Zealand butter imported into Canada last year.

Frank Stanfield (PC—Colchester) learned in a Commons return. It was brought in to help meet a existing Canadian shortage.

CIL Worker Dies  
VANCOUVER, Sept. 30.—(CP)—A long-time employee of Canadian Industries, Limited, J. S. Morrey, died here yesterday. He was 62.

## Three-Year CCF Plan Gets Week-End Study

OTTAWA, Sept. 30.—(CP)—A three-year plan, designed to strengthen the C.C.F. organization across Canada, will get final consideration at the semi-annual meeting of the party's national council here this week-end.

## IWA to Back CIO Political Action Plan

VANCOUVER, Sept. 30.—(CP)—International Woodworkers of America (CIO-CCL) yesterday swung its entire 100,000 members behind the CIO's intensive campaign to raise dollars for political action committee.

Canada and U.S. delegates to the IWA's 12th annual convention were unanimous in approving formation of active and functioning political committees in each local union.

Delegates reiterated that results of recent elections have "re-emphasized" the necessity for political education and action and they pledged at least \$1 a member to the PAC cause.

In Canada, the IWA membership of 40,000 will follow the Canadian Congress of Labor policy to politically support the CCF "unless its policy is shown to be wrong."

"The anti-labor die must be turned," the resolution stated. "On political action committees we will sweep out of office those who have voted for repressive anti-labor measures and replace them with men dedicated to serving the best interests" of labor.

OTHER MOVES  
In other action, the convention representative of 430 delegates from 24 states, Alaska, British Columbia and Ontario, supported:

1. Maritime unions engage in dispute on the issue of retention of the union-administered hiring hall.

2. All organizations objecting to peacetime military conscription.

3. All endeavors to establish a

## Alaska Gets Big Bombers

FORT WORTH, Tex., Sept. 30.—(AP)—The Star-Telegram said yesterday long-range B-36 bombers being moving to Alaska have last week at the same time President Truman announced an atomic explosion in Russia.

The newspaper said the huge bombers were manned by crews trained to deliver the atomic bomb.

The 8th U.S. Air Force, whose 7th Bombardment Wing is the only wing in the air force operating B-36s, is located at Carswell Air Force base here. Eighth Air Force headquarters described the B-36s as "routine training missions."

The Star-Telegram said, however, it learned one of the planes which flew to Alaska carried Brig. Gen. John B. Montgomery, of Omaha, operations chief of the strategic air command, and Col. William P. Flister, Carswell base commander.

Confirmation of the appointment of A. N. Nicholson, former member of the Commons for Macdonald as national treasurer to raise \$150,000 for the three-year plan also will be discussed.

2 Named To Cabinet  
HALIFAX, Sept. 30.—(CP)—Premier Macdonald today announced the appointment of two provincial legislative members, Alexander MacKinnon and Henry D. Hicks, to cabinet posts.

Mr. MacKinnon, member for Inverness, becomes Health Minister and Mr. Hicks, member for Annapolis, becomes Education Minister.

Six Die In Fire  
KANSAS CITY, Sept. 30.—(AP)—At least six persons were reported killed today in a fire which swept through a two-story frame home in Northeast Kansas City. Several other persons were reported injured.

"Full coverage" medical and welfare plan with the employer contributing the cost.

4. Establishment of a United Nations committee to investigate "the indisputable fact" that Soviet Russia maintains a slave labor population of at least 14,000,000.

# Alberta Members Speak in House

Pensions, Homes, Highway,  
Defence Pressing Topics

OTTAWA, Sept. 30.—(CP)—H. H. W. Beystein (SC-Camrose), in the Commons last night urged the government to consider increased aid for old-age pensioners who are ill, but not ill enough to require hospital care.

Many pensioners, he said, had lost their earning power because of illness but had to maintain themselves outside hospitals under great difficulty.

Turning to agriculture, he said the government should consider making farm price support legislation permanent.

## WHEAT BOARD

He also urged consideration of revision of the Canadian Wheat Board to make it operate primarily for the benefit of producers and that floor prices be maintained at a level to cover costs and provide a fair return. Mr. Beystein did not amplify his suggestions.

He referred to the Prairie Farm Assistance Act and expressed hope that it would be revised shortly to take care of the regulations on insurance payments to farmers in drought areas.

At present a farmer might not receive any benefits if his crop might happen to farm just outside the boundary of a township declared a drought area.

F. D. Shaw (SC-Red Deer) took issue with a statement made in the debate by A. F. Macdonald (L-Edmonton East). Mr. Macdonald had stated that the people of Alberta will soon use the benefit to elect a provincial government in step with the national government.

## FAITH IN SOCCERS

Mr. Shaw said there was as much chance of that happening as there was of selling selling suits wholesale to the Eskimos. He criticized former Liberal administration in Alberta and said the present Socialist Credit party has given the province honest, efficient government.

Turning to other matters, he urged that the Prairie Farm Assistance Act be so amended as to permit compensation payments to individual farmers suffering crop failures.

He urged that the government show leniency to old people who could not provide their age in order to qualify for age pensions.

G. Prudham (L-Edmonton West) said he hopes the Trans-Canada highway will pass through Edmonton.

He suggested a fact-finding committee be established to study the strategic value of the various mountain passes through which the Trans-Canada highway might go.

He said about 1,000 persons a month now are moving into Edmonton. Development of oil was not an unmitigated blessing to the area.

**DEFENCE NEEDED**  
The government, he said, had made arrangements to provide for Canada's Atlantic defence. He wondered when steps will be taken to assure the defence of Canada's northern area.

Edmonton would be vulnerable to attack from the north.

On housing, he said that the construction industry had done a

## UNPOPULAR GROUP

### Czech 'Shock-Workers' Live Dangerous Lives

PRAGUE, Sept. 30.—(AP)—Czechoslovakia's speed-up workers may be heroes to their Communist government, but some of their fellow workers are prone to attack them with a monkey wrench on the sabbath.

To raise production the Czech government is promoting a "shock worker" system, the local version of Russia's Stakhanovism. Some shock workers have been able to exceed their production quotas by 1,000 per cent.

worker has an easy time of it. The trade union newspaper Prace writes: "We know—as where such workers have to walk carefully through factories lest by chance something drops on their heads. Or lest their machines suddenly are out of action, when only the day before they were in perfect working condition."

The name Arizona has been included in the titles of 58 different motion pictures.

## FREAK MISHAP KILLS B.C. MAN

SQUAMISH, B.C., Sept. 30.—(CP)—In a freak accident, Dennis Smyth, 70, of Squamish, was killed Wednesday at the Pacific Great Eastern Railway depot here.

A train struck a baggage cart that extended over the station platform, hurling it along the crowded walk. Smyth was killed instantly. Simon Pym, 47, of New Westminster, was injured. Others escaped injury.

Puerto Rico's white population is estimated at between 70 and 75 per cent.

EDMONTON BULLETIN, Friday, Sept. 30, 1949

## FARM CASH INCOME REVEALS INCREASE

Alberta's total cash income from 192,000 received from sales in this farm products for the first six years' first six months. Cattle and calves headed the livestock revenue list with a value of \$44,153,000 while the sale of hogs yielded \$24,090,000.

Officials indicated, however, that because of the poorer crop conditions this year it was not unlikely that total income for 1949 would be below that of last year at the end of the 12-month period.

Idaho was the fourth state of the Union to adopt women's suffrage.

## Flying U.S. Flags Rapped

OTTAWA, Sept. 30.—(CP)—A Saskatoon teacher look exception in the Commons yesterday with people in Canada who persist in flying United States flags.

R. R. Knight (CCP-Saskatoon) said he had recently been at a tourist camp he didn't say where which flew the Stars and Stripes all over the place.

He had asked the woman running the camp why there were U.S. flags about. Her reply was that it was to make American tourists feel at home.

"That is a fallacy shared by a lot of people," Mr. Knight said. "They think the Americans want to feel at home when they visit Canada. In reality, what they want is to feel 'way home'."

Mr. Welbourn (L, Jasper-Edson) urged the government to give serious consideration to ways of bringing western coal to eastern coast b.c.

He said one of the oldest established mines in Alberta had closed recently because of lack of orders. Yet in eastern Canada home-owners were paying as much as \$20 and \$25 a ton for coal from the United States.

Mr. Welbourn also discussed the proposed Trans-Canada highway and said he thought the first route should be through Jasper and the Yellowhead Pass in the Rockies.

He suggested a fact-finding board be set up with representatives from all provinces to look into the merits of various proposed routes for the main highway. The fact-finding board should have at least one qualified military engineer on it who could offer advice on the best strategic route for the highway.

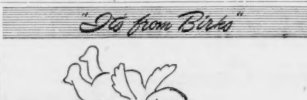

**Veteran Cardsharps**  
Italians were the first European to use playing cards, but the French originated the four suit game during the 16th century. The veteran cardsharps, however, are the Hindustani, who were playing more than 1,500 years ago.

First American airplanes in combat service in World War I were Navy flying boats.

## Old Formations

Stones that look like great vats of whipped cream, a ghastly graveyard, and a seven-foot stalagmite modeled like a bride, are among the attractions of Minnetonka Cave in eastern Idaho.

The common chrysalis-bum probably has been known for at least 2000 years, according to the Encyclopedia Britannica.

## LOCAL OFFICIALS HANDLE GRID TIFF

REGINA, Sept. 30.—(CP)—Art Chipman, president of the Western Interprovincial Football union, last night announced the officials for Saturday's league games.

When Calgary Stampeder meet Edmonton Eskimos in Edmonton, Cliff Roseborough of Winnipeg will be the referee. Umpires will be Pep Moon and Steve Olander, and the head linesman E. Stevens. Moon and Olander, are Edmontonians.

Les Ferguson, Calgary, will referee the game between Winnipeg Blue Bombers and Saskatchewan Roughriders in Regina. Umpires will be Paul Dojczek, Regina and Howie Milne, Weyburn, Sask., and the head linesman Don King, Regina.

## ANNIVERSARY

## Eskimos After Gift-Game Win

Coach Annis Stukus and his wife Doris celebrate a wedding anniversary Saturday night.

And they couldn't get a more gratifying gift for the occasion than an Eskimo triumph over Calgary Stampede that evening.

It was 10 years ago tomorrow that Stukus and his wife got married. A lot of air has been blown into football since then.

Stukus has played a lot of football games since then, too. But he is not a player any more. He is a coach. In fact, he is the coach of the Eskimos.

For if the Eskimos get by the Stampede this time they stand an excellent chance of finishing in the top position in the two-league playoffs.

Stukus is a man who will not let himself be defeated and until Stampede's tomorrow.

But Stukus has worked harder than the undefeated and until Stampede's tomorrow.

Stukus has been particularly insistent on incessant practice on defense, a department in which the Eskimos have been notoriously weak thus far.

Actually the greatest pass-defense weapon ever invented is a charging line. And it is the opinion of the coach that Eskimo are in need of just such a mechanism.

Starting lineup for the game will be: Ends, Harry Bunting and Dmitri Goloschek; tackle, Bill Radovich and Gene (Bearpaw) Kinski; guards, Ken Moore and Red Stokes; center, Andy Marston.

Quarterback, Bill Stukus; halves, Harry Mohr and Rex Clarkson; fullback, Pat West; flying wing, Frank Hickey.

Garneau Scores 21-0 Grid Win

Garneau-University blanked Tip-top 21-0 in a bantam football game played at South Side Athletic grounds yesterday.

## Dodgers Hold 1/2-Game As Cardinals Thumped

NEW YORK, Sept. 30.—(CP)—The dauntless Brooklyn Dodgers squeaked past St. Louis Cardinals into first place in the National League yesterday. The battling bums did this by beating Boston twice, 9-2 and 8-0, while Cards were losing again to Pittsburgh Pirates 7-2.

Dodgers now lead by half a game over Washington and the Yankees, with two to play, both at game with New York Yankees and Philadelphia. Cards have three to play, both at game with St. Louis Cardinals and Philadelphia. Cards have three to play, both at game with St. Louis Cardinals and Philadelphia.

The equally hectic American League has two games between St. Louis Cardinals and Philadelphia. Cards have three to play, both at game with St. Louis Cardinals and Philadelphia.

A Combination Hard to Beat

At Boston superlative pitching by Duke Snider, who was taken to the Royal Alexandra hospital after Friday's high school grid game at Clarke Stadium.

Second game of the damp double-header was played in a drizzle and ended after five innings in semi-darkness, with much horse-play by the Braves, who didn't care too much about the result.

Although neither game was a real contest, no one can say the Braves didn't try. They started their two pitching axes, Warren and the Braves.

Ump Not Amused At Horse-Play

So wet, dismal and gloomy were the proceedings that boss were frequent in the second game at the incoherent and apparent stalling tactics of the Braves.

In the last of the fifth inning of the second game, when Connie Ryan of the Braves tried to wear a big, black raincoat, the umpires didn't think it was funny and threw him out of the game.

Then the Braves lit a fire at the edge of their dugout presumably to frighten their batters back.

Dodgers Have Hand In Card Loss

Big blow of the frame was delivered by Monte Basgall, a former Dodger farmer. The sophomore second baseman slammed right pitcher Phil Minton into the right-field corner to bring in the second and third runs of the inning.

When Red Schoendienst threw past a plate, Basgall reached home with the fourth run.

A fresh home run by third baseman Bob Kennedy helped Cleveland Indians beat Chicago White Sox 8-5 as the winners pulled within a game of third-place Detroit in the American league standings.

Kennedy's sixth-inning liner with two men on base rolled into a hole under the bench in the Chicago bullpen at the foot of the left field foul line for a homer.

Low Hayman 'Out In Cold'

MONTREAL, Sept. 30.—(CP)—Coach Low Hayman of Montreal Alouettes announced last night that a Big Four football game game scheduled here Sunday between Hamilton Wildcats and Alouettes had been postponed.

Hayman said the postponement was caused when Alouettes home grounds the Montreal Alouettes stadium was needed for the Little World Series between Montreal Royals and Indianapolis.

He said that the game would be played Oct. 16 if Hamilton is "agreeable."

World Series is scheduled to start in the home park of the American league champion on Wednesday, Oct. 5. If a three-game playoff is required in the National League, it could not start before the following Saturday, and the teams probably would be granted an extra day of rest with the start Sunday.

## ON SPORT

Stan Mohr has left for a week's holiday and today's guest column is by Dick Deidinger, Bulletin sports writer.

### Could This Happen Here?

Friday fragments and what's your reaction to a recent note from Vancouver about a bear being headed for the junior heavyweight wrestling championship of the Pacific Coast?

The bear, like all wrestlers a graduate of a prominent American college, is scheduled to meet either Leo Karienko or Tony Ross in Vancouver's Exhibition Gardens on October 5.

Most recent consequence of the proposed match between the 600-pound brute and his human (?) contemporary has been an announcement from the Society for Prevention of Cruelty to Animals to the effect that it might ban the engagement.

The SPCA did not say who it was protecting by ordering the match to be suspended. But usually well-informed sources believe the society had the welfare of the wrestlers, a species said to be of an undetermined origin, at heart.

The bear, after all, might not be versed in the spurious cataplexy practised by modern grapplers.

### Hot Off The Grid

Whatever became of Ralph Barilko, youthful Hamilton fullback who bounced out of the Eskimo igloo like a Mexican jumping bean last summer?

Do you subscribe to the theory that Eskimos require a running attack if their passing attack is to succeed? Up until Reg Clarkson's appearance the Edmonton have had no one except Harry Kibbs to open up the opposition on Eskimo passing plays.

Actually there is some reason to believe that if Coach Alvin Stukus were to use Chuck Feneboch at right half, Edmonton would have the best running attack in the conference.

He can dangle like a sprinter with a hot-foot. . . or, at least, he used to in American professional circles.

Had Eskimos been able to pay more money they might have latched onto Matt (Regina Roughriders) Anthony, Don (Ottawa Rough Riders) Lowmyer, and Ken (Calgary Stampede) Keir.

Anthony is currently one of the top scorers in the Western Conference, Lowmyer is on his way to becoming the Canadian centre again, and Keir is one of Calgary's better linemen.

All of them wanted to come to Edmonton, too.

### Three Dots Form . . .

Eddie Thomas, former city junior, left yesterday for another whirl with Spokane Flyers of the Kootenay Hockey League.

Waterloo Mercurys leave on their European hockey tour on December 30 and will return sometime in March, 1956. Sponsor J. A. Christensen will send 15 players, coach, trainer, and manager on the junk.

Add geographical jaunts: Miami—Felix caddies earn about \$70 million annually in the USA.

Montreal—On the 1948-49 National Hockey League rosters, 91 of 99 players were born in Canada, 34 of them in Ontario.

South Bend—Notre Dame will engage in its 61st year of football this year. . .

Whatever became of St. Louis Cardinals?

## Red Sox Stars Hog All-Star Positions

NEW YORK, Sept. 30.—(UPI)—Boston Red Sox have run away with most of the positions on the British United Press American league all-star team.

Red Sox won six of the 11 positions on the honor squad selected for the United Press by veteran baseball writers in major league cities.

Boston players on the team are:

### Survivor Tells Of Ship Blaze

TORONTO, Sept. 30.—(CP)—Earl Roettger, a survivor of the 24-crew-ship Noronic disaster, today described the holocaust as a flash type of fire during which he heard no alarms.

Testifying before a federal inquiry, Mr. Roettger, who fled in his pajamas and a bedsheet down a Jacob's ladder from the burning ship here last Sept. 17, said he was conscious all the while of flashes of fire from jagged, vertical or pallid.

Earlier, two employees of the marine inspection service of the federal department gave evidence on the ship's fire protection facilities.

AGE EXEMPTION One witness said the Noronic, because of her age, had an exemption from a regulation calling for fire-resistant bulkheads.

A marine inspector, who said all fire equipment was on the ship's deck during the Noronic's last inspection, was told by the court that for all he knew, the ship's bulkheads might have been returned to their former position.

John Moffat of Toronto, supervisor of marine inspection, said the Noronic possibly obtained exemption from fire-resistant bulkheads required under regulations because the change would have affected her stability.

### PARTRIDGE LAYS CALL

ALBERTA BEACH, Sept. 30.—Mrs. Gladys Cossar reported a kitchen window broken when a blue partridge smashed its way in.

HOCKEY SCOUTS from all points have kept Flyers' goalie Ray Frederick, left, supplied with contracts. Toronto scout Harris McLeod talks business with new-comer, getting assurance that Frederick will attend Maple Leaf training camp next year.

### MONEY LOSER

## Officials Nix CNE Grid Field

TORONTO, Sept. 30.—(CP)—You can just about write off the Canadian National Exhibition Sports Field here as venue for this year's Grey Cup final. In cold cash, it means a difference of an estimated \$25,000 loss in gate receipts.

Canadian Rugby Union executive, with members from Montreal to Saskatoon, conducted a mailed vote on the subject during the summer. It went in favor of the 20,000-crowd capacity Varsity Stadium, traditional home of the classic, and a contract was drawn up and signed.

Potential 25,000 accommodation at the Sports Field was overlooked as unknown at the time of the ballot.

CHIMPAN SATISFIED "Personally I'm satisfied we did the right thing when we decided on Varsity Stadium," Arthur Chipman, president of the Western Inter-Provincial Football Union, said in Winnipeg today. He said it had not been known at the time it would be possible to accommodate 25,000 persons at the Sports Field.

But the question arises whether the CNU executive approached the Canadian National Exhibition about possibility of the stadium as the 1959 venue for the big game. Elwood Hughes, general manager of the CNE, told the Canadian Press Wednesday he had spoken to union officials about the stadium in the spring but he hadn't heard anything since.

It was Chipman who led a determined western Canada delegation at the CNU annual meeting at Toronto last February resulting in a change in the constitution which deleted reference to Varsity Stadium as venue for the spectacle. Chipman made it possible for the same to be played in another Toronto stadium.

Chipman told the meeting he wasn't against the game being played here. "We aren't saying we won't play at Varsity," he declared. "We want to make this point very clear. We are simply saying that if a better work is available, let's make use of it."

Williams, Parnell and Kell were chosen, unanimously by the 24 baseball experts who picked the team. Henrich and Kinder were named on all but two ballots.

Here's how the all-stars are doing now: Williams is hitting .348, Henrich .288, Don DiMaggio .311, Fain .254, Doer .308, Rizzuto .308, Kell .348 and Yberrite .372.

Among the pitchers, Parnell has won 15 while losing seven. Kinder has 13 wins against five losses. Parnell has 12 victories and eight setbacks.

## Frederick Scheduled For 1950 Delivery to Leafs

By Hugh Watson

Edmonton hockey fans better take a good look at Ray Frederick while they can. The slim, black-haired goalie isn't going to be around long.

Toronto Maple Leafs (pending) scouting empire has reached out and all but signed him for 1950 delivery in Pittsburgh Heretics.

Harris McLeod, Maple Leaf scout residing in Edmonton, talked with Frederick.

"I won't even give it a thought," said Frederick. "I've signed my contract and intend to fulfill the agreement to Edmonton Flyers. Next year, however, will be different."

Under the terms of professional hockey, Frederick had until November 15 to make a decision. Flyers being an "amateur" club couldn't hold him in his contract if the Leaf bid was too strong.

### Cutts Still Balking

Tonight Currie will start the trimming down process, cutting the squad to 20.

Eddie Cutts, who most people claim is the best defensive player in the league, is still balking at terms offered by the Flyers.

Cutts apparently thinks he is worth more than the Flyers have guaranteed thus far. McLeod is at some opinion.

"Eddie was the top choice two years ago when Bill Barilko was brought up to the parent Leafs from Hollywood in the Coast loop," reveals the Toronto look-alike. "Cutts couldn't get his release and the Leafs had to grab Barilko."

Nothing much was accomplished last night as Currie sent the 40 odd pucksters through a tough skating session. But along the rames, Currie is supposed to be waiting for the shutdown of the pro hockey camps in hopes of acquiring a defenceman and another winger.

Opening date is only two weeks away. And as usual the railbirds are warming up to the season's action.

### STAMPS SIGN HUGH COFLIN

CALGARY, Sept. 30.—(CP)—Hugh Coffin, 20-year-old defenceman who played a rugged game as a junior last year with Moose Jaw Canucks, has been signed by the hockeyplaying Calgary Stampede, manager Lloyd Turner announced today.

The former Blaine Lake, Sask., boy will join Jack Taggart, formerly of Lethbridge Maple Leafs, and Archie Wilford, Stampede veteran, on defence. Turner said Stampede has lines out for two more "well-known" defencemen to provide a buffer for goalie Russ Dettli.

Meanwhile, Currie started the preseason practice at the Arbre Over 40 players, a good number juniors, turned out for the initial session.

Mythe, England, had one case of drunkenness in four years, and that was a transient visitor.

utilizes. They're picking the Flyers for first place, and definitely not worse than second.

Coach Currie isn't talking.

### Deaths Yesterday

By The Canadian Press

BOSTON—Morris Finberg, 56, veteran photographer for the Boston Post.

MONTREAL—Mrs. E. M. Desautels, 76, widow of Dr. E. M. Desautels, former member of the Quebec legislative assembly.

## Travellers Promoting Curling for Cars

### Hunters Get Two New Game Birds

WASHINGTON, Sept. 30.—(AP)—Two new game birds from Scandinavia are to be introduced to American hunters, a United States fish and wildlife service official said today.

They thrive in a climate similar to that of the northern states. They are hardy, and good to eat. And, said Dr. Gardner, hunters who rounded them up they are going to make sporty shooting.

The birds are the European black grouse and the capercaillie. Bump returned this week from a four-month field study of game species in Sweden, Finland, Norway, Denmark and Scotland.

He sent back from Sweden more than 50 grouse and capercaillie. Some have been released on Oyster Bay, in the Wisconsin part of the Lake Superior, and others on a state game farm at Poyett, Wis.

### GEARY FAVORED TO KNOCK OUT DESJARDINS

Benny Geary is favored to knock out Will Desjardins in his 10-round welterweight bout at the Stock Pavilion tonight.

The Wildwood Negro, making his fifth appearance on the current comeback attempt, figures to outweigh his young opponent by eight pounds. Desjardins holds the western Canadian light-weight title and has a KO to his credit. Geary is a light-weight champion for his weight.

Pepper Martin is Irish favorite to stop Edmonton's Jackie Sorrentino in a light-weight semi-final. Martin, a native of Spokane, is the Idaho state champion for his weight.

First bout goes at 8:30.

Crippled children in northern Alberta will benefit from the Alberta Commercial Travellers bonspiel scheduled to commence here October 21.

All profits of the week-long bonspiel will be directed towards the crippled children's fund. During the summer ACT combined with radio station CRRM in sponsoring search for Talent shows. Revenue netted from the search for Talent enterprise was \$16,440.29. This money has been utilized in pay for 1863 hospital days and remedial assistance to 30 patients.

**FIRST IN NORTH**  
The motor car bonspiel is the first of its kind in northern Alberta. But ACT are likely to make curling for cars a regular thing in the future.

Ted Miller, chairman of the bonspiel committee, said last night 18 curlers are expected for the show, although the entry date had to be extended one week in order that that number might be attained. Upwards of \$12,000 in prizes is on line for the winners, including four new cars.

For the first three days all curling will be done at the Granite Hotel in Edmonton. The seven sessions on Thursday, Friday, and Saturday at the Arena.

**HABKIRK IN CHARGE**  
Gordon Habkirk, of Olds will arrange the draw which will be lined up as follows:

Risks qualifying for the four in a knockout competition will automatically enter play for the motor cars.

Remaining risks will play off in a similar competition to declare four more risks for the main event. And the remaining risks will play off once more to name the last four risks eligible for the automobile competition.

The 12 risks qualifying for a crack at the cars will be drawn in two sections of six. Each section will play a round-robin tournament and sectional winners will clash in best-of-three final.

It was Nipawin, Saskatchewan, that first inaugurated auto bonspiel, but since that winter day four years ago the idea has spread to various centers across the Canadian west.

Nipawin will be represented in Edmonton by the George Hume team.

**Opportunities Great In Canada, Writes Archbishop**

LONDON, Sept. 30.—(CP)—Canada is a country with a great future and one which offers the greatest opportunities to young settlers, says Most Rev. C. E. Garbett, Archbishop of York.

The Archbishop, now in San Francisco after visiting Canada, wrote in the York Times, leaflet published yesterday that "no all sides could be felt the 'tremendous vitality' of Canada and the United States."

"Canada has made great material advance in the last few years," Dr. Garbett wrote.

"I can imagine no country with greater opportunities and attractions for the young men who wish to settle overseas. Kindness and hospitality have not limit in all countries."

**Lead Price Cut**  
LONDON, Sept. 30.—(AP)—The government today cut the price of pig lead to British users by £1 (89.29) a long ton. The new price, announced by the ministry of supply and effective at once is £19 a long ton (2240 pounds).

**Daily Increase**  
The population of the business centre of London rises from 13,600 night residents to 400,000 during the day, according to the Encyclopaedia Britannica.

### Cliff Manahan Enters Big Auto 'Spiel

Alberta's "Mr. Curling" will be one of four former dominion champions entered in the Alberta Commercial Travellers Auto Bonspiel here next month.

He is Cliff Manahan, twice Canadian champion, and presently threat for Alberta honor.

Other kings of the curling boom in the west will be Billy Rose of Calgary, Fred W. Johnson of Trail, B.C., and Johnson of Winnipeg.

Rose will be throwing third rock for Manahan, while Cliff's team Rose and Bill, will form the middle of the rink.

Manahan will be the first curler in the world outside Palestine to broadcast regular daily transmission in Hebrew, a BNC announcer said.

(Only skilled mechanics should) Tin cans are planted in the attempt to adjust, of four-wheel ground to furnish tire for gun-drakes on an automobile.

## May the best man win!

### EDMONTON'S AUTO BONSPIEL

## Bonspiel Entry Date Extended One Week

Entry date of the Alberta Commercial Travellers auto bonspiel will likely be extended one week according to word received from headquarters last night.

Originally the final date for filing entries in Edmonton's first "professional" bonspiel was to have been tonight. However, the complete list of 128 entrants hasn't been filled and the date will be advanced to October 7.

Heading the list thus far are three former dominion champions, Cliff Manahan of Edmonton, Leo Johnson of Winnipeg, and Frenchy D'Amour of Trail, B.C.

Billy Rose, 1944 king, will be throwing third rock for Manahan.

Following are the risks entered thus far:

From Edmonton: Frank Wolfe, Bert Robertson, E. B. Olson, Gordon Walker, A. M. Brown, Cliff Manahan, Gordon Pollard, Conrad Dugan, W. F. Gray, C. J. Heffernan, Hank Rogers, Larry Hodgins, Mac Callum, Fred Phasney, John Glasgow, and Connie Ferguson.

From other Alberta points: Ab Aboussay, Mah Bow, Ponska, Bert Robinson, J. Foulds, Jasper, J. H. Jones, Peace River, A. H. In date.

# China Red Regime Forges Russ Link

Foreign Policy Aligned With Soviet In Constitution

By Hulse Gurnham  
United Press Staff Correspondent

SHANGHAI, (China Press, Sept. 29)—(UPI)—The Chinese Communist regime has adopted a new constitution aligning its foreign policy with that of Soviet Russia, the Peking radio said today.

## Canada Goods Commended

MONTREAL, Sept. 29.—(UPI)—Hugh Connor, chairman of the Canadian Manufacturers' Association, commended the new constitution of the People's Republic of China, saying it was a step toward the establishment of a new normal Communist government of the Chinese People's Republic in the ancient Manchurian capital of Peking.

Mr. Connor said the constitution was approved by the people's constituent assembly, a type of Communist constituent assembly, and that it was a step toward the establishment of a new normal Communist government of the Chinese People's Republic in the ancient Manchurian capital of Peking.

Approval of the constitution is expected to be followed today or tomorrow with establishment of a new normal Communist government of the Chinese People's Republic in the ancient Manchurian capital of Peking.

Mr. Connor said the constitution was approved by the people's constituent assembly, a type of Communist constituent assembly, and that it was a step toward the establishment of a new normal Communist government of the Chinese People's Republic in the ancient Manchurian capital of Peking.

## Pensioners Plan Meet

The Alberta Pensioners' Society will hold a public meeting Tuesday at 8 p.m. in the 100th St. hall, 100th St. and 10th Ave. S.E.

The meeting will be held in the 100th St. hall, 100th St. and 10th Ave. S.E. The meeting will be held in the 100th St. hall, 100th St. and 10th Ave. S.E.

## U.K. To Buy More Canadian Tobacco

OTTAWA, Sept. 29.—(UPI)—Britain's purchases of Canadian tobacco were cut almost in half in 1948 compared to 1947, but she has indicated that she will buy more in 1949.

## 101 Deserters In East Port

MONTREAL, Sept. 29.—(UPI)—Ship desertions in Montreal for the past week have reached 101 today and shipping officials said the number probably will be much higher before winter sets in.

They blamed unsettled conditions overseas for the desertions. Among the various nationalities, Norwegians lead the deserters in numbers.

There were 10 from one ship. Other deserters are from Sweden, France and Britain, although officials said there was a drop this year in the number of British deserters because United Kingdom authorities dealt harshly with them on their return.

MANY CASES WEST  
Many of the deserters have been captured, but marine officials said some may never be apprehended.

"As soon as they get here the deserters mostly to western Canada where many nationalities from overseas have settled," said one official. "They mingle with these groups and it is almost impossible to lay hands on them again."

In addition to the deserters, including those from lake and other inland ships, there have been more than 40 stowaways. All have been apprehended and most of them deported. The others are awaiting ships for return to their countries.

The so-called rafting plant usually blooms in ten years, not 100 years, according to the Encyclopedia Britannica.

The 101 hatched chickens and more than 25,000,000 wood the pound since it commenced operation and used annually in U.S. rail cars, some of these hatched in Canada. There are about 2000 lbs. to the mile.

**FARMERS!**

Save About \$100 on a New Ford Tractor

Because FORD Tractor prices are affected by the recent devaluation of the Canadian dollar, their prices will increase about \$90.00. We will sell the new FORD tractors held in stock at the time of devaluation notice at the old price of \$1,000.00 per unit, by placing an order NOW! The quantity is limited! ACT NOW!

**DOMINION MOTORS LTD.**

FORD-MERCHANDISE CARS AND TRUCKS

(107-108 E. JASPER AVE.)

**"SALADA" TEA**

Outstanding Quality • Delicious Flavour

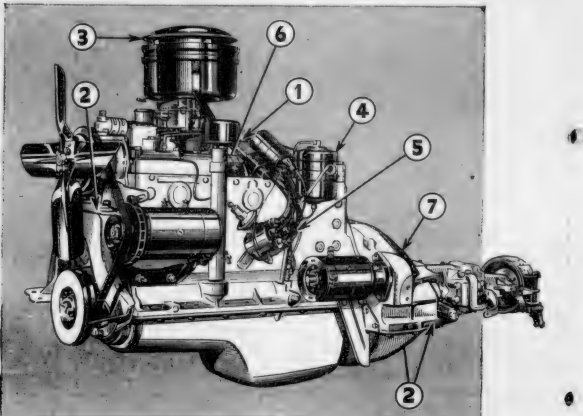

You Save Money with the

**DODGE**

L-Head Engine ...

A PART OF DODGE

**DEPENDABILITY**

You SAVE MONEY every mile you drive with the Dodge simple-design L-Head engine. There are fewer moving parts to wear. Oil filter, floating oil intake, and air cleaners keep carbon and dirt from moving parts to reduce wear. Such "extra" features as four rings per piston, full length water jackets, lightweight alloy pistons and alloy exhaust valve seat inserts, result in savings on gas, oil, and repairs.

Other leading features of the economical Dodge engine are explained on the right. But in many other ways Dodge gives you more for your money.

You could pay much more, and still not get all of Dodge roominess, beauty and ruggedness. Test for yourself the generous head, leg, and elbow room. Compare the "outlook" through the high, wide windshield. Note how easy it is to get in and out. Try out the new Dodge on the road and discover for yourself its flashing performance, driving ease, safety, and riding smoothness.

No matter which way you look at it, your dollar will go further with Dodge . . . and so will you.

- 1 L-HEAD OPERATION** is quieter, as all moving parts are inside the block. Fewer parts to wear or work loose assure longer life. Simple construction allows easy maintenance.
- 2 FLOATING POWER** is the name given to the scientific Dodge method of mounting the engine on the chassis so that engine vibration is not transmitted to the body. Results in smooth, quiet operation and long car life.
- 3 OIL BATH AIR CLEANER** filters the air before it enters the carburetor. By keeping dust out of the engine, it cuts down repairs and lengthens engine life.
- 4 OIL FILTER** of micronic type, filters even the smallest particles of carbon or dirt out of the oil and so reduces wear on bearings and cylinder walls for long, trouble-free engine life.
- 5 WEATHERPROOF IGNITION SYSTEM** gives maximum protection against water and dirt for dependable all-weather operation. Distributor has a new splash-proof cap. Centre distributor brush has a 10,000 ohm carbon suppressor which allows a wider spark gap setting for better idling and low-speed performance.
- 6 AUTOMATIC CHOKE.** The choke enriches the mixture by automatically reducing the proportion of air drawn through the carburetor during warm-up, to provide easy starting under all weather conditions. Saves fuel by preventing too rich an operating mixture.
- 7 FLUID DRIVE** on Custom Dodge models lets you drive, relaxed, in high gear most of the time. It is particularly effective on wet pavement, ice or mud, allowing smooth transfer of power without stalling. The Custom Dodge is still the lowest-priced car in Canada with Fluid Drive as standard equipment.

# Alberta Liberal Said Red-Elected

Social Creditor Challenges  
Vegreville Liberal Member

OTTAWA, Sept. 30.—(CP)—F. D. Shaw (SC-Red Deer) contended in the Commons last night that the new Liberal member for the Alberta constituency of Vegreville was elected largely on the strength of the Communist vote.

## Tokyo Rose Found Guilty

By DAVID J. LEONARD

SAN FRANCISCO, Sept. 30.—(CP)—Mrs. Iva Toguri D'Aquino pleaded today a fight to overturn her conviction for treason as the Tokyo Rose who broadcast to American troops during the war.

Her attorney, Wayne M. Collins, said she would file a motion in the U.S. Circuit Court of Appeals for an arrest of judgment and a new trial. He said he would try to get her released on bail.

If those motions failed, Collins planned a direct appeal on grounds that Federal Judge Michael J. Rhodes instructed the jury improperly and on other technicalities involving admission of evidence.

JURY OUT 4 DAYS

"I can't understand it. I can't understand it," the 33-year-old Los Angeles-born defendant muttered in a shocked voice last night as the jury of six men and six women brought back their verdict after deliberating four days to close the nation's longest treason trial in history.

The jury found her guilty of one of eight counts of treason. Judge Rhodes told the weeping defendant to return to court Thursday, Oct. 6 for sentencing.

The minimum sentence is five years in prison and a \$10,000 fine or a maximum of death. However, the government did not demand the death penalty and it was believed unlikely the court would impose it.

Bevins To Visit  
New York, Ottawa  
Dep't Announces

OTTAWA, Sept. 30.—(CP)—Hon. Ernest Bevins, Secretary of State for Foreign Affairs of the United Kingdom, will arrive in Ottawa from New York at noon Sunday, the External Affairs Department announced today.

Mr. and Mrs. Bevins will leave Ottawa Wednesday morning for Montreal. They will return to New York Wednesday night.

MARQUETTE OF MILFORD HAVEN and his fiancée Mrs. Marjorie Dahlgren Simpson, 27-year-old American divorcee, smile happily during press conference in London. They are announcing marriage in Washington late in November. Their romance, Mrs. Simpson said, was "probably love at first sight."

## 'Scientist X' Named As Atom Secret Giver

WASHINGTON, Sept. 30.—(AP)—The House of Representatives Committee on Un-American Activities today named Joseph W. Weinberg, University of Minnesota professor, as the "scientist X" accused of slipping wartime United States atomic secrets to a Communist spy.

The committee recommended in a report that the U.S. justice department prosecute Weinberg on charges he lied under oath in 1. Denying Communist party membership and attending Young Communist League meetings.

2. Knowing Nelson's secretary, Bernadette Davis.

Nelson, the committee says, "has engaged in securing information regarding the development of the atomic bomb from scientist X."

That was back in 1943, the committee adds, when Weinberg was employed at the radiation laboratory at the University of California. The laboratory helped perfect the atomic bomb.

The story of the Nelson-Scientist X case is an old one: the committee first unveiled a year ago, but while the identity of Scientist X was widely known around Washington, the committee waited until today to put the finger on him by name.

During the intervening year it tried to weave around Weinberg a network of evidence to support its demands that he be brought to trial on perjury charges.

## VD Control Setup Urged For Dominion

WINDSOR, Ont., Sept. 30.—(CP)—Chief of Police Walter Mulligan of Vancouver said today that continual raids on disorderly houses are the most effective method of helping health authorities control venereal disease.

In a speech to the closing session of the 44th annual conference of the Chief Constables' Association of Canada, Chief Mulligan urged a country-wide action of examination centres where police and health authorities would work together in detecting, apprehending and treating infected persons.

VANCOUVER POLICE

He said major responsibility for controlling the disease rests with the health department and that in Vancouver, police work with health officials at a centre where all prisoners committed to jail take blood tests.

Vancouver police accepted medical advice that prostitution perpetuates the infection and vice squads started continual raids on known bawdy houses. Most were closed by 1945.

Then government legislation made it mandatory that any person thought to have been exposed to disease report for examination. Failure to report brings a jail term up to one year.

BLOOD TESTS TAKEN

"A nurse attends at the jail before court convenes every morning and takes blood tests of all new prisoners. The examination is now accepted as a routine part of jail procedure."

In the last quarter of 1945, of 226 women tested, 116 or 42 per cent, were found to have venereal disease, the chief said. In the same period 388 men were examined and 153 per cent were found to be infected.

Belgian Minister  
Says Danger Of  
War Lessened

OTTAWA, Sept. 30.—(CP)—Foreign Minister Van Zeeland of Belgium told a press conference today he feels the dangers of war "to a certain degree are lessened" because of the economic and political signs taken by the western powers since the end of hostilities.

He said, too, that the chances of a European economic union "in one form or another are very good." A former economics professor, he saw devaluation as something which only do good ultimately if other steps like that are taken on a political level.

## Rental Control Questions Asked

OTTAWA, Sept. 30.—(CP)—Stanley Knowles (CPC—Windsor, North Centre) today placed on the

EDMONTON BULLETIN, Friday, Sept. 30, 1940 19

Commons order paper a series of questions on rent control. He asked what proportion of residential premises in each province was subject to rent control, and what portion had been decontrolled and he wanted statistical details on decontrolled in each province.

South America decries initiative to raise defence by their enemies.

# Age Hike Is Sought By Workers

W. L. Herring  
Is Appointed  
To Conciliate

Wage increases, reduction of hours of work and union shop conditions are sought by a Calgary labor union now in dispute with Swift Canadian Dairy and Produce department at Calgary.

So says Alphonse Pelletier, 3660 10th avenue, railroad: for 27 years who is retiring today from service as a CPR baggageman.

During his years with the railroad he was aboard the first through-train into Moose Jaw on the West-Can to Winnipeg train and on the royal train which carried the Duke of Windsor across Canada in 1939.

And one winter's night he was just barely aboard passenger train full-speeding it across the prairie in 40 below weather for a trip he'll never forget.

Mr. Pelletier spent nearly the entire distance between two stations working his way around the rear coach of the passenger train. He had grabbed one of the doors as the train pulled out, only to find that a porter had closed the entrance.

He inched his way around the car and reached the other door safely. The incident, as he recalls it now, really didn't amount to much because it turned out alright.

**ALL THAT BAGGAGE**  
But it's the quantity of baggage he handled that stands out best in his memory of 27 years railroad.

In the days of the First World War and the post-war years, travelling Canadians didn't air a mile from home without jamming every available portable, suitcase, grip, and trunk with their belongings.

Travelling salesmen made their way across Canada with at least 10 trunks apiece, with the smallest of the piece weighing a good 250 pounds, Mr. Pelletier recalls.

The depression years saw a decrease in baggage car business. Travellers just couldn't afford so many belongings—and Canadians never again travelled with the large volume of baggage.

Today, says the retired baggageman, most travellers take along hand luggage and some suitcases, but their baggage is much less bulky and pygmy.

Life of the baggageman may eventually become the life of a clerk.

**Alberta Polio Total Now 92**  
Polio total in Alberta rose to 92 yesterday with report of two new cases, both from Edmonton.

Latest to be affected are two Edmonton girls, 17 and 20 years.

**OUTSTANDING** Edmonton soprano Ruth Cullen of 11114-83 avenue, will be featured soloist Sunday at 8 p.m. in the Starlite Drive-in theatre Church of the Open Air ends its series of three outdoor services. Sunday's service at 3 p.m. will be directed by United and Anglican church groups here.

**NOT AFFECT HERE**  
Dispute is not expected to affect Swift Canadian plant workers in Edmonton.

Renewal of an agreement providing for the employment of two motion picture projectionists in two Calgary theatres is being sought in another dispute in Calgary.

The department of industries and labor appointed F. J. Fitzpatrick as conciliation commissioner.

Members of the Motion Picture Projectionists local 302 of Calgary are seeking, in addition to renewal of contract, a \$1.25 per week wage increase from employers. Plaza and Crescent theatres of Calgary.

**City Officers Slow to Apply**  
Civic election machinery is grinding to halt, despite apparent apathy on the part of prospective candidates.

Clerk George Docherty and his election deputy, S. J. Mac, are now fully established in their council chambers office. They express impatience at the slowness of district returning officers, poll clerks and special constables to plan applications.

"We need about 500 applications," said Mr. Mac, "and we need 200 poll clerk spots, and about 100 special constables," Mr. Docherty said today.

"There are always a few offers of help we are unable to accept because of qualifications, so it's essential that more than the needed 482 are received."

While no decision has been reached on wages to be paid election workers this year, district returning officers last year were paid \$10, and poll clerks \$7.

Schedule of wages will be set by the special committee of city council, slated for its decision at the next council.

**League Asks 'Rink Bee'**  
Bonnie Donat asking rink time for levelled and repaired in time for the skating season. It citizens of the area respond to a Community League appeal.

Members of the Bonnie Donat Community League meeting Wednesday launched an appeal to residents to meet at the rink Sunday to help level the ground and make necessary repairs to the rink.

A membership drive in the league is also underway. George Sinclair as president for the season, and named George Sinclair vice-president, Robert Wilson treasurer.

**DIRECTOR** of McDougall United Church choir is W. J. Hendri, Sunday's service, which is being broadcast through co-operation of radio station CFRN, will be directed by Canon E. S. Otley of Christ Church and Rev. W. Bainbridge of McDougall. Theme of final service is individual prayer—God and You.

**St. John Ambulance Launches Last Appeal**  
Final appeal to the public to boost St. John Ambulance Association funds campaign to its \$55,000 objective was made today by officials of the group.

The campaign closes tomorrow. A. W. Holness, campaign manager, reported today that the total subscriptions to the drive now stand at \$12,500, but only one report has been received from the community points.

St. John Ambulance workers were active in the rescue of the shipwrecked in the Atlantic ship fire at Toronto.

**Clearings Up**  
Edmonton bus clearing for the past week totaled \$200,571, as compared to \$173,632 for the same period a year ago. This is an increase of \$26,939.

# EDMONTON BULLETIN

Phone 42111 EDMONTON, ALBERTA, FRIDAY, SEPTEMBER 30, 1949 Page 17

## Indians Lose Medical Aid

**ENGLISHMAN SEEKS HELP FROM MAYOR**  
Latest news from the Mayor's Assistance Board from England.

Mr. H. Pearce, of London, who is at present in Edmonton, wants to ask for assistance information on his behalf. Alfred Pearce, son of Alfred and Louisa Pearce, and two brothers, George and Bert.

They were in Edmonton when Mr. Pearce's brother from them. Their father was killed lumbering and their mother died in an Edmonton hospital.

Anyone who is in the know about Alfred Pearce is asked to contact Mayor Alvin's office.

**Rotary Hears Diamond Talk**  
Devaluation of the pound sterling will not bring down the price of raw diamonds.

This was told to members of the Rotary Club yesterday by J. L. Baker, director and vice-president of Henry Hicks Co. at a meeting in the Macdonald hotel.

Mr. Baker said diamonds would not be affected because they are sold only on a gold basis and not on the "paper" system.

Furthermore, the last 75 per cent of the world's diamond production eventually are sold in the U.S., he said.

The jewel expert told members of a tour he had made recently to Brazil, South Africa and the Congo.

While in South Africa Mr. Baker toured the De Beers Corporation diamond mines at Kimberley and also the world's largest diamond mine at Tsumeb.

He said 20,000,000 pounds of ore were extracted each day from the Kimberley mines. After processing, about one and a half pounds of rough diamonds were obtained.

Of this, only one or two small stones would be perfect blue-white diamonds. The others would be used for commercial purposes.

"So you see," said Mr. Baker, "when a jeweller advertises perfect blue diamonds for sale, it's hard to believe, when the world's biggest producer only finds one every day."

**St. Steve's Freshmen In for Rough Time**  
Life for a college freshman is kinda tough, sometimes. Especially during Varsity registration week.

Although "hazing" or "hazing" initiation, was banned from campus years ago, uppermen still get the chance to prove to the brand-new students that they're far older and tougher than the youngsters.

"Freshies" during registration week have to treat the uppermen with great respect and address them formally.

They must buy coffee for any upperman who should ask. They have to wear big damask caps and green-and-yellow bow ties all week.

But the fellows who probably have the toughest pill to swallow are the freshmen who live in St. Stephen's College on the campus. There are only 15 or 20 of them, and they're outnumbered 5 to 1 by uppermen.

**CARRY TRUNKS**  
Special rules and regulations have been outlined by the seniors for the "freshies."

For instance, they must carry all trunks and baggage for senior students, and can't use the elevator. They must clean up their own messes at all times, and wear their lunch caps and bow ties at all times.

Worst blow of all comes in the morning. The \$20,000 building is to be located on 9th avenue between 100 and 105 streets, immediately south of the present administration building.

Public Works Department called for tenders Saturday, and tending construction firms in Alberta are expected to submit bids.

## Federal Wrangle Hits Athabasca Tribe Here

OTTAWA, Sept. 30.—(CP)—A band of 200 primitive Indians—believed to be as firmly entrenched in their ways as were their ancestors generations ago—may be without the white man's medicine today as a result of a controversy between a group of doctors and federal officials.

The Indians, a band of Athabasca tribe, live in the foothills west of Edmonton, in the Athabasca valley, and are known for their hunting and fishing. Anti-trait and anti-socialism, red men, they only receive into civilization when they have something to trade for more medical treatment.

**DOCTORS WANT MORE**  
P. D. Shaw (St. John's) told the Indians that doctors at the federal health department, which looks after the band's medical needs.

He said the doctors have come today as the deadline in the dispute over the stipend of Indian settlement is reached the doctors will decline to treat the Indians.

The terms asked by the doctors are either a flat rate of \$100 a month for the stipend, or a flat rate of \$100 a month for the stipend, or a flat rate of \$100 a month for the stipend.

**PAYMENTS CUT**  
However, many times during the last few years the Social Credit member said, the Indian Affairs Department has refused him his stipend of from 20 to 30 per cent.

Mr. Shaw urged that the matter be brought immediately to the attention of Resources Minister Gibson, absent from the House.

Government officials, throwing their weight behind the dispute, said they were aware of the deadline, but there was little the government could do at the moment.

If the doctors decline to treat the Indians, then nurses at Rocky Mountain House would be the best and those seriously ill probably would be evacuated to nearby hospitals or even to Edmonton, where better medical facilities were available.

**NO SETTLEMENT**  
The officials said the dispute was nowhere near settlement. The government paid the Indians \$100 a month, but the doctors wanted \$100 a month.

They noted that in dealing with some doctors who are assisting the Indians, the government is not doing enough.

**MAN TO MAN TALK** about machines gets underway here with five-year-old Edmund Levor, 13106-75 street, telling his grandfather Alphonse Pelletier, 6546-100 avenue, about toy tractor. Soon Gramp will relate tales of his passenger trains on which he served, until retirement today, for 37 years.

## Over-Laden Travellers Now a Vanishing Race

By Pat McVeen  
Bulletin Staff Reporter

The portmanteau-packing railway traveller, once the bane of the baggageman's career, is gradually disappearing from the scene.

**New M.L.A.'s For Two Cities**  
Edmonton and Calgary are each likely to get another legislative representative before the next provincial election.

Special committee on redistribution, now studying recent population shifts in the province, today released constituency maps of the province containing suggested revisions of constituency boundaries to provide for more equitable legislative representation.

The maps show a new constituency in the north, comprising territory from the St. Paul and Beaver River constituencies.

The committee is also likely to recommend an increase of Edmonton and Calgary legislative seats from five to six members each.

It is unlikely that Ed. Levor, 13106-75 street, will receive two extra seats in the legislative assembly, but the committee's suggestion, but is not proceeded with.

In addition to two seats for Edmonton and Calgary and creation of the Bonnyville constituency would increase legislative seats to 26.

## Manning Gets Rate Report

Full report on recommendations made by special freight rate councils of the western provinces will be filed with Premier C. Manning today.

The report will come from J. J. Frendley, special freight rate councillor, who met in Ottawa yesterday with council members of the other provinces.

Mr. Frendley informed Mr. Manning that the recommendations of the meeting will be forwarded to provinces of all provinces involved in the launching of an appeal by the western provinces and the Maritime provinces for a freight rate increase authorized by the board of transport commissioners last week will not be considered until a report of the meeting is studied, Mr. Manning said.

**GRAY AN HONORED PIONEER**  
Pioneer settler and "father" of the town of Stettler is recognized in a special section of an economic survey of the town released today by the provincial department of economic affairs.

The survey is one of several being prepared by Al Bradshaw, technical director of the department.

Tracing the history of the town from its early beginning in 1892 when Carl Stettler, a German settler, homesteaded two miles from the present site, Mr. Bradshaw reports much special mention of the late William Heston Gray.

"He was a pioneer who occupied a special place in the affection and esteem of thousands in the Northwest."

"For many years a cowboy and rancher, Mr. Gray possessed much skill and was a successful hunter at Stettler for many years."

"His collection of rare coins, Indian collection, guns and other relics of pioneer days was sold to the Alberta government in 1946, shortly before his death."

Other pioneers mentioned in the economic survey report by Mr. Bradshaw are William Heston, who built the first hotel; G. C. Bentley, the first village grocer; N. B. Macdonald, first town clerk; and Will Gibson, founder of the town of Stettler.

Present day Stettler is described in detail in Mr. Bradshaw's report.

Shortage of houses calls at the present time, but average rental for houses with electric light, water and sewer facilities is \$20 for three-bedroom houses between 1946 and July 15, 1949. 105 new homes were built. About 80 per cent of homes are owner-occupied.

The town has an area of 900 acres, with a population of 200. The town has an area of 900 acres, with a population of 200. The town has an area of 900 acres, with a population of 200.

**HISHPAN HANDS** are no problem for this pair of aircraft industry workers. Emma Knight, left, holds title of "superstar" airplane mechanic and stockkeeper. Mrs. Jean Dinsmore, whose official capacity is secretary, works in the "dope" brush or welding unit whenever a helping hand is needed. Both work for United Aircraft Company.

## U. of A. Alums Plan Gala Homecoming

### Class of '24 To Be Honored

#### When Alumni Meet Nov. 4, 5

#### Annual Varsity Alumni Weekend will be held this year

Present students will welcome their graduates of U. of A. at the homecoming activities. An expected 1,200 alumni are expected to visit the campus for the annual alumni weekend. Plans will come from the cities of Edmonton and Calgary, and plans are being made for a special train from Southern Alberta to accommodate more than 300 Calgary and Edmonton University students.

**CLASS '24 HONORED**  
Class of 1924 will be specially honored at the 24th anniversary of their graduation. This is the fourth year the Alumni Homecoming Weekend has been held on the campus. In previous years, the classes of 1921, 1922 and 1923 were honored. Plans for the occasion in addition to the homecoming and other events will be held on Nov. 4 and 5.

In addition this year, the class of 1924 will be given a special reception. But university officials stress that apart from the special activities, all alumni are invited to attend the weekend. The anniversary year 1924 is the 100th year since the founding of the university and the year of the centennial of the Canadian Confederation.

The Alumni Association is holding a special reception for the class of 1924 at the University of Alberta. The reception will be held at the University of Alberta, Edmonton, on Friday, Nov. 4, at 8 p.m. The reception will be held at the University of Alberta, Edmonton, on Friday, Nov. 4, at 8 p.m. The reception will be held at the University of Alberta, Edmonton, on Friday, Nov. 4, at 8 p.m.

**Survey Shows Wives Do 60% Farm Work**  
EDMONTON, Nov. 4.—(C.P.)—A survey by the National Farm Women's Association shows that 60 per cent of the farm women in Canada are doing the housework. The survey was conducted by the National Farm Women's Association, which is a national organization of farm women.

**Regular Keep-Fit Classes Begin Tuesday**  
Regular keep-fit classes of the Canadian Health League will commence Tuesday at 8 p.m. in the Recreation Community building. Classes will be held there every Tuesday and Thursday evening. The classes are for women only and are free of charge. The classes are for women only and are free of charge.

**Reception and Dance for 150 Guests**  
A reception and dance for 150 guests was held in the Masonic Temple. The reception was held at 8 p.m. and the dance began at 9 p.m. The reception was held at 8 p.m. and the dance began at 9 p.m. The reception was held at 8 p.m. and the dance began at 9 p.m.

## Faulty Reasoning Loses Good Double

By William E. McKenney  
Charles Sanders of New York City was sufficient points at the recent national tournament in Chicago to become a life master. Sanders is a businessman, associated with Bennett and Hedges, and bridge is really a pastime to him. Not many people get as much fun out of the game of bridge as he does.

<p> <b>▲ A Q 10 8 7</b>  <b>♥ 7 5 3</b>  <b>♦ 10 8 7</b>  <b>♣ 10 8 7</b>  <b>AK 7</b> </p>	<p> <b>W</b>  <b>E</b>  <b>S</b>  <b>D</b> </p>	<p> <b>▲ 4 3</b>  <b>♥ 10 8 7</b>  <b>♦ 10 8 7</b>  <b>♣ 10 8 7</b>  <b>AK 7</b> </p>

**South North East**  
**1 A Double 6 A Double**  
**2 A Double 6 A Double**  
**3 A Double 6 A Double**

**Options—4-3**

In commenting on the bidding of today's hand, Sanders thought that West might have tried a bid of six clubs over five diamonds, but it is doubtful if East and West could have arrived at a safe seven diamond contract. North's jump to four spades crowded the bidding a little too much for them.

Sanders (South) trumped the opening lead of the three of diamonds, led the five of spades to dummy's ace and came back to his own hand by playing a spade to the king. Now he led the king of hearts. West won the trick and East showed out.

"Now," said Sanders, "all West had to do was to lay down the king of clubs to defeat the contract—but he didn't. He reasoned unwisely that his partner had another trump, and he led a heart for him to ruff."

Sanders was able to discard dummy's two clubs on the good hearts, and ruff his five of clubs. It was a careless play on the part of West, because he could see that declarer had plenty of opportunity to pick up any adverse trumps. "But," said Sanders, "that is why bridge is an interesting game."

## Irene Eleniak Becomes Bride of D. Snarnychuk

CHIPMAN, Sept. 27.—In a late afternoon ceremony at St. Mary's Church, Irene Eleniak, daughter of Mr. and Mrs. John W. Eleniak of Chipman, became the bride of Daniel N. Snarnychuk, son of Mr. and Mrs. Nick Snarnychuk of Chipman.

Rev. Fr. Baranek performed the double-ring ceremony in which the bride was given in marriage by her father.

Heavy white satin fashioned the bride's train length gown, which was styled with nylon yoke and long-point sleeves, the fitted bodice. Crown headpiece of pearls and crystals, beads caught her full-length veil of net.

Her bouquet was a crest of arrangement of red roses and gardenias. As her only ornaments, the bride wore a gold watch and double strand of pearls. Gifts of the bridegroom.

Patel gowns with matching millets and chapel veils were chosen by the attendants, Mrs. Eleniak, Louise Krasnowski, Betty Kowen, Elsie Eleniak, and Adele Eleniak. They carried bouquets of contrasting gladioli and carnations.

Little Donna Snarnychuk was flower girl, frocked in white tulle with headband of white roses and bouquets of gladioli and carnations.

Soloist was Miss Alice Kovtan. For her daughter's wedding, Mrs. Eleniak chose a grey gabardine dress with black accessories and corsage of pink roses.

Smoke blue crepe dress was worn by Mrs. Snarnychuk. Black accessories and pink rose corsage complemented her costume.

Five hundred guests were received later at the home of the bride's parents. Five tier cake centered the bride's table, which was decorated with bouquets of gladioli.

Teas were proposed by William Snarnychuk and Fr. Baranek. Following the honeymoon in Banff and Lake Louise, Mr. and Mrs. Snarnychuk will reside in Edmonton.

For travelling the bride wore a white suit with grey accessories and gardenia corsage.

**Bird Stopped Train**  
 A steamship passenger stopped an 85-ton train in 1962, when it flew through the window of the locomotive cab and knocked down the engineer. Automatic brakes stopped the train when the engineer released his hold on the throttle.

Q—What is "cold rubber" and how efficient is it?  
 A—Called "cold rubber" because it is cooked at 41 degrees Fahrenheit (compared to 122 degrees for regular synthetic), it outlasts natural rubber by as much as 30 per cent.

## Teen Age Betrothal on Uncertain Basis

DEAR MISS DIX: I am a boy of 18 and have been going with a girl of the same age for about a year. I thought I loved this girl, but I have changed my mind since I met another girl.

The other night I suggested that we both go with some one else for a while, and told her that I didn't love her any more. Immediately she got her father's gun and was about to shoot herself when I stopped her.

I promised I would try to learn to love her again, but it is no use. I can't. Don't tell me to try to reason with her, because it is impossible. PUZZLED LAD.

ANSWER: From this unpleasant experience will learn you a lesson that will do much to safeguard your future happiness. That is not to get yourself entangled in love affairs until you are grown and your life in women is formed.

Every boy in his teens thinks he is in love with every pretty girl with whom he is thrown in contact. That is normal and a good thing; because before a man picks out a girl with whom to spend the balance of his days, he should have known many women who appealed to him in different ways and he has had time to think about the love and found out that he wasn't often enough to learn to distrust his emotions.

Then he won't be so likely to mistake a passing fancy for an eternal passion and get married to a woman of whom he will tire before the honeymoon sets in.

My surmise is that this girl's threat of suicide was a gesture intended to keep you from leaving her. It is the stock trick of women who tell unwelcome men to leave by the threat of killing themselves.

However, as you do not want to be involved in any secret, to say nothing of scandal, the best thing for you to do is to ease yourself gently out of the situation.

Don't go to see her often, and do not see her with other girls. As long as you are not married to her, she has no possible right to supervise your sleeping out.

It is hopeless to try to revive a dead love. What you need now is a new girl. For a girl, you've lost it, and that is all there is to it.

DOROTHY DIX.

**Aussie Women Get  
Home Ec Service**  
 SYDNEY, Australia.—(CP)—Few Australian women have domestic help these days.

But to make housekeeping easier they have a home service department in a local store that gives them practical help in every kind of problem that can arise.

The girls in charge are trained dietitians, economists or experts in some special branch of cooking.

What's more they have to be a combination of Emily Post and Dorothy Dix, because they advise customers about everything from how to seat their guests at dinner to how to keep husbands happy in the home.

Key women of the service is Mrs. Del Cartwright, who supervises a continuous cooking demonstration for an audience of about 100 women.

Now and then visitors from other countries are invited to lecture on their own national cooking, giving recipes for favorite dishes.

Professional nursing in the United States had its origin in 1873.

## University Club Renews Activities

A sign at the time is the Students' Wives' Club at the University of Alberta.

Before World War Two, students who married usually quit university or waited until graduation before marrying.

Today of married veterans after the war changed all that, and two years ago students who formed the Students' Wives' Club.

Last year the club had a membership of 210 wives.

Main purpose of the club is to provide interests for campus wives while their husbands are busy studying during the varsity season. Designed as more than a social gathering the club provides members with instruction on nutrition, infant feeding, clothing courses and handicrafts.

Other courses are given on such varied topics as drama, physical fitness, applied art, and child psychology.

Instruction and lectures are given by University staff members or outside experts on the subjects. Discussion groups on current events, marriage and family relationships are also part of the club's agenda.

A students' wives' newspaper, published every month, is also distributed to members. Named "The Family Post," the paper is sponsored by a city department store.

## Tobe on Fashion—

A Piquant New Fashion—The Little Peaked Hat

I think the new little peaked hats are one of the prettiest hat fashions we've had in a long time. Almost everyone looks better with a little height to her hat, but usually higher crowns make one look older, and who wants that?

The little peaked hats do just the opposite—make you look young and gay and amusing. They are close fitting caps or tiny brimmed hats with peaks either in the centre or rakishly at one side.

Our own smart milliners launched peaked hats early in the season, and I saw them in every Paris hat collection too. It's another Paris-American fashion.

# Publications Cost U. \$35,000 Yearly

## Year Book, Bi-Weekly, Literary Quarterly Put Out

Students at the University of Alberta operate a \$35,000 business in campus publications.

Seven student publications printed every term provide news, entertainment and reading material to suit the tastes and interests of the students.

Publications vary from a multi-thousand dollar stock yearbook published once a year to a mimeographed handbill printed every day.

Largest publication is the \$22,000 yearbook named "The Evergreen and Gold," after the University's official colors.

Published every year, The Evergreen and Gold contains over 100 pages of the year's activities, photos of students in each faculty, pictures of the campus, together with other features.

Nearly 60 students work on the yearbook writing stories, editing, proofreading and taking pictures. The 1948-49 edition, to be issued in November, will be distributed to 4,000 students.

In charge of the 1948-49 edition is C. H. Haddon, Portage La Prairie, Manitoba, who holds position of director. Business manager for the year is Jerry Glaser, Calgary, and assistant director is Jo Pilcher, 19911 70 avenue.

Another big publication is the student newspaper, "The Gateway." Published twice weekly on Thursdays and Fridays, the \$10,000-a-year Gateway keeps students posted on daily news and activities on the campus.

Operated like a regular daily, The Gateway has its own staff of student editors, reporters, photographers and makeup men. The paper goes to all students and to a large list of outside subscribers.

Part of operation costs are covered by advertising from national and local firms.

Although the University of Alberta has no regular journalism course, The Gateway provides training for future journalists. This year Editor-in-Chief of The Gateway is Donald F. Smith, 8812 38 avenue, Business manager is Len Haddon, Calgary.

News publication on the campus is the quarterly literary magazine "Siet," named after a printer's pressman meaning "let it stand."

It has expanded rapidly since its beginning in 1947. Last term it was increased to a quarterly with full photo supplement.

Main idea behind Siet is to encourage the writing and artistic talents in the university and province. Articles, poems and fiction, by students and outsiders, are published.

Three writing contests with cash prizes have been sponsored by Siet in an effort to stimulate creative writing in Alberta. Editor of the magazine is H. V. Weeks, 3845-53 avenue.

Day-to-day announcements and news briefs are distributed to students in the form of a daily mimeographed handbill, "The Alarm."

Other publications include a student telephone directory, a freshman handbook, to give new students information on the university, and a book of the Students' Union constitution, which lists campus rules and regulations.

Part of operation costs are covered by advertising from national and local firms.

# Students' Union Hires Full-Time Secretary

Student business on the University campus has become such big business that a full-time executive officer has been hired to keep things rolling from year to year.

He is Walter Dinwiddie, 4545-45 permanent secretary to the Students' Union Council—the student administrative body of the campus—elected each year by the students to run their affairs.

But with the tremendous growth of the University and the undertaking of many projects, such as the new \$100,000 Students' Union building, it was decided that a full-time executive should be hired to take care of business when students were on summer holidays and to give continuity to student affairs from year to year.

Mr. Dinwiddie was appointed to his position in August, 1948. A married man, with two children, he lives at 1801, 14 avenue.

Before his present job, he was a commissioner of the University of Alberta, where he had charge of the school in Vegreville, Saskatchewan, and was municipal secretary for the division.

During the war, he served in the RCAF for five years as an instructor in the educational branch.

He is experienced in his work as secretary-accountant, for the Students' Union, as he was in charge of accounting in his previous municipal jobs.

DR. ROBERT NEWTON

# \$125,000 Is Expended On Students' Affairs

Running students' affairs on the University campus is big business—a \$125 thousand a year business.

Administration of students is conducted by students themselves in what is called the Students' Union.

All students pay \$25.50 a year into the Union as fees. For this amount they reap the benefits of organizations which include athletic, drama, publications, music, political affairs, and dozens of other clubs.

ADDITIONAL \$50-60,000. In addition to the \$25.50 a year which supports these activities, another \$50 or \$60 thousand in gate receipts is taken in by many of these organizations during the seven-month Varsity season.

The \$25.50 is split by two separate bodies, the Students' Union proper and the University Athletic Board. The latter gets \$5. Total of \$20 goes toward the new \$100,000 Students' Union building, \$4 for the yearbook, \$2 for the newspaper, and \$4.50 for the various other activities.

The Athletic Board supplies students with facilities for sports ranging from archery and hockey to fencing and basketball.

The yearbook, a \$22,000 project, is a 200-page slick-paper publication printed annually and summarized in picture form, the year's activities.

Student newspaper, The Gateway, is published twice a week by student writers and photographers.

100 ORGANIZATIONS. Altogether, there are about 100 organizations on the campus, from ballet and international affairs clubs to groups interested in political science and theatrical make-up.

Students' Union is run by a Students' Council, which represents various clubs and faculties on the campus.

Council president this year is Terrie Miller, son of City Minister A. W. Miller, 1034-121 street.

BACKACHE May be Warning. Backache may be a signal your kidneys are failing to filter excess acids and poisons from the system.

The kidneys help rid the system of the excess acids and poisons, when the cause of backache, headache, rheumatism, etc., is not relieved, the kidneys cannot excrete acids and poisons, which build up in the system, causing kidney failure.

4-2226-2228-2230-2232-2234-2236-2238-2240-2242-2244-2246-2248-2250-2252-2254-2256-2258-2260-2262-2264-2266-2268-2270-2272-2274-2276-2278-2280-2282-2284-2286-2288-2290-2292-2294-2296-2298-2300-2302-2304-2306-2308-2310-2312-2314-2316-2318-2320-2322-2324-2326-2328-2330-2332-2334-2336-2338-2340-2342-2344-2346-2348-2350-2352-2354-2356-2358-2360-2362-2364-2366-2368-2370-2372-2374-2376-2378-2380-2382-2384-2386-2388-2390-2392-2394-2396-2398-2400-2402-2404-2406-2408-2410-2412-2414-2416-2418-2420-2422-2424-2426-2428-2430-2432-2434-2436-2438-2440-2442-2444-2446-2448-2450-2452-2454-2456-2458-2460-2462-2464-2466-2468-2470-2472-2474-2476-2478-2480-2482-2484-2486-2488-2490-2492-2494-2496-2498-2500-2502-2504-2506-2508-2510-2512-2514-2516-2518-2520-2522-2524-2526-2528-2530-2532-2534-2536-2538-2540-2542-2544-2546-2548-2550-2552-2554-2556-2558-2560-2562-2564-2566-2568-2570-2572-2574-2576-2578-2580-2582-2584-2586-2588-2590-2592-2594-2596-2598-2600-2602-2604-2606-2608-2610-2612-2614-2616-2618-2620-2622-2624-2626-2628-2630-2632-2634-2636-2638-2640-2642-2644-2646-2648-2650-2652-2654-2656-2658-2660-2662-2664-2666-2668-2670-2672-2674-2676-2678-2680-2682-2684-2686-2688-2690-2692-2694-2696-2698-2700-2702-2704-2706-2708-2710-2712-2714-2716-2718-2720-2722-2724-2726-2728-2730-2732-2734-2736-2738-2740-2742-2744-2746-2748-2750-2752-2754-2756-2758-2760-2762-2764-2766-2768-2770-2772-2774-2776-2778-2780-2782-2784-2786-2788-2790-2792-2794-2796-2798-2800-2802-2804-2806-2808-2810-2812-2814-2816-2818-2820-2822-2824-2826-2828-2830-2832-2834-2836-2838-2840-2842-2844-2846-2848-2850-2852-2854-2856-2858-2860-2862-2864-2866-2868-2870-2872-2874-2876-2878-2880-2882-2884-2886-2888-2890-2892-2894-2896-2898-2900-2902-2904-2906-2908-2910-2912-2914-2916-2918-2920-2922-2924-2926-2928-2930-2932-2934-2936-2938-2940-2942-2944-2946-2948-2950-2952-2954-2956-2958-2960-2962-2964-2966-2968-2970-2972-2974-2976-2978-2980-2982-2984-2986-2988-2990-2992-2994-2996-2998-3000-3002-3004-3006-3008-3010-3012-3014-3016-3018-3020-3022-3024-3026-3028-3030-3032-3034-3036-3038-3040-3042-3044-3046-3048-3050-3052-3054-3056-3058-3060-3062-3064-3066-3068-3070-3072-3074-3076-3078-3080-3082-3084-3086-3088-3090-3092-3094-3096-3098-3100-3102-3104-3106-3108-3110-3112-3114-3116-3118-3120-3122-3124-3126-3128-3130-3132-3134-3136-3138-3140-3142-3144-3146-3148-3150-3152-3154-3156-3158-3160-3162-3164-3166-3168-3170-3172-3174-3176-3178-3180-3182-3184-3186-3188-3190-3192-3194-3196-3198-3200-3202-3204-3206-3208-3210-3212-3214-3216-3218-3220-3222-3224-3226-3228-3230-3232-3234-3236-3238-3240-3242-3244-3246-3248-3250-3252-3254-3256-3258-3260-3262-3264-3266-3268-3270-3272-3274-3276-3278-3280-3282-3284-3286-3288-3290-3292-3294-3296-3298-3300-3302-3304-3306-3308-3310-3312-3314-3316-3318-3320-3322-3324-3326-3328-3330-3332-3334-3336-3338-3340-3342-3344-3346-3348-3350-3352-3354-3356-3358-3360-3362-3364-3366-3368-3370-3372-3374-3376-3378-3380-3382-3384-3386-3388-3390-3392-3394-3396-3398-3400-3402-3404-3406-3408-3410-3412-3414-3416-3418-3420-3422-3424-3426-3428-3430-3432-3434-3436-3438-3440-3442-3444-3446-3448-3450-3452-3454-3456-3458-3460-3462-3464-3466-3468-3470-3472-3474-3476-3478-3480-3482-3484-3486-3488-3490-3492-3494-3496-3498-3500-3502-3504-3506-3508-3510-3512-3514-3516-3518-3520-3522-3524-3526-3528-3530-3532-3534-3536-3538-3540-3542-3544-3546-3548-3550-3552-3554-3556-3558-3560-3562-3564-3566-3568-3570-3572-3574-3576-3578-3580-3582-3584-3586-3588-3590-3592-3594-3596-3598-3600-3602-3604-3606-3608-3610-3612-3614-3616-3618-3620-3622-3624-3626-3628-3630-3632-3634-3636-3638-3640-3642-3644-3646-3648-3650-3652-3654-3656-3658-3660-3662-3664-3666-3668-3670-3672-3674-3676-3678-3680-3682-3684-3686-3688-3690-3692-3694-3696-3698-3700-3702-3704-3706-3708-3710-3712-3714-3716-3718-3720-3722-3724-3726-3728-3730-3732-3734-3736-3738-3740-3742-3744-3746-3748-3750-3752-3754-3756-3758-3760-3762-3764-3766-3768-3770-3772-3774-3776-3778-3780-3782-3784-3786-3788-3790-3792-3794-3796-3798-3800-3802-3804-3806-3808-3810-3812-3814-3816-3818-3820-3822-3824-3826-3828-3830-3832-3834-3836-3838-3840-3842-3844-3846-3848-3850-3852-3854-3856-3858-3860-3862-3864-3866-3868-3870-3872-3874-3876-3878-3880-3882-3884-3886-3888-3890-3892-3894-3896-3898-3900-3902-3904-3906-3908-3910-3912-3914-3916-3918-3920-3922-3924-3926-3928-3930-3932-3934-3936-3938-3940-3942-3944-3946-3948-3950-3952-3954-3956-3958-3960-3962-3964-3966-3968-3970-3972-3974-3976-3978-3980-3982-3984-3986-3988-3990-3992-3994-3996-3998-4000-4002-4004-4006-4008-4010-4012-4014-4016-4018-4020-4022-4024-4026-4028-4030-4032-4034-4036-4038-4040-4042-4044-4046-4048-4050-4052-4054-4056-4058-4060-4062-4064-4066-4068-4070-4072-4074-4076-4078-4080-4082-4084-4086-4088-4090-4092-4094-4096-4098-4100-4102-4104-4106-4108-4110-4112-4114-4116-4118-4120-4122-4124-4126-4128-4130-4132-4134-4136-4138-4140-4142-4144-4146-4148-4150-4152-4154-4156-4158-4160-4162-4164-4166-4168-4170-4172-4174-4176-4178-4180-4182-4184-4186-4188-4190-4192-4194-4196-4198-4200-4202-4204-4206-4208-4210-4212-4214-4216-4218-4220-4222-4224-4226-4228-4230-4232-4234-4236-4238-4240-4242-4244-4246-4248-4250-4252-4254-4256-4258-4260-4262-4264-4266-4268-4270-4272-4274-4276-4278-4280-4282-4284-4286-4288-4290-4292-4294-4296-4298-4300-4302-4304-4306-4308-4310-4312-4314-4316-4318-4320-4322-4324-4326-4328-4330-4332-4334-4336-4338-4340-4342-4344-4346-4348-4350-4352-4354-4356-4358-4360-4362-4364-4366-4368-4370-4372-4374-4376-4378-4380-4382-4384-4386-4388-4390-4392-4394-4396-4398-4400-4402-4404-4406-4408-4410-4412-4414-4416-4418-4420-4422-4424-4426-4428-4430-4432-4434-4436-4438-4440-4442-4444-4446-4448-4450-4452-4454-4456-4458-4460-4462-4464-4466-4468-4470-4472-4474-4476-4478-4480-4482-4484-4486-4488-4490-4492-4494-4496-4498-4500-4502-4504-4506-4508-4510-4512-4514-4516-4518-4520-4522-4524-4526-4528-4530-4532-4534-4536-4538-4540-4542-4544-4546-4548-4550-4552-4554-4556-4558-4560-4562-4564-4566-4568-4570-4572-4574-4576-4578-4580-4582-4584-4586-4588-4590-4592-4594-4596-4598-4600-4602-4604-4606-4608-4610-4612-4614-4616-4618-4620-4622-4624-4626-4628-4630-4632-4634-4636-4638-4640-4642-4644-4646-4648-4650-4652-4654-4656-4658-4660-4662-4664-4666-4668-4670-4672-4674-4676-4678-4680-4682-4684-4686-4688-4690-4692-4694-4696-4698-4700-4702-4704-4706-4708-4710-4712-4714-4716-4718-4720-4722-4724-4726-4728-4730-4732-4734-4736-4738-4740-4742-4744-4746-4748-4750-4752-4754-4756-4758-4760-4762-4764-4766-4768-4770-4772-4774-4776-4778-4780-4782-4784-4786-4788-4790-4792-4794-4796-4798-4800-4802-4804-4806-4808-4810-4812-4814-4816-4818-4820-4822-4824-4826-4828-4830-4832-4834-4836-4838-4840-4842-4844-4846-4848-4850-4852-4854-4856-4858-4860-4862-4864-4866-4868-4870-4872-4874-4876-4878-4880-4882-4884-4886-4888-4890-4892-4894-4896-4898-4900-4902-4904-4906-4908-4910-4912-4914-4916-4918-4920-4922-4924-4926-4928-4930-4932-4934-4936-4938-4940-4942-4944-4946-4948-4950-4952-4954-4956-4958-4960-4962-4964-4966-4968-4970-4972-4974-4976-4978-4980-4982-4984-4986-4988-4990-4992-4994-4996-4998-5000-5002-5004-5006-5008-5010-5012-5014-5016-5018-5020-5022-5024-5026-5028-5030-5032-5034-5036-5038-5040-5042-5044-5046-5048-5050-5052-5054-5056-5058-5060-5062-5064-5066-5068-5

## Food Pentiful But Prices High

DBS Index Shows Food Costs Now At 23-Year Peak

By the Canadian Press

Canadian housewives can select their food from a bountiful supply this fall—if the price-level fits their pocketbooks.

A Canadian Press Survey shows a plentiful supply of fruit, vegetables and meat.

And the supply prospects became even brighter this week with announcement that restrictions on import of fresh fruit and vegetables from the United States will be lifted Oct. 1. These have been in effect since November, 1942.

But the price situation is different. Canadian food prices are at their highest level in 23 years. Food from the United Kingdom and other sterling area countries may drop in price as a result of currency devaluation. But food from the U.S. will probably go up 10 per cent because of the devaluation of the Canadian dollar.

**D.B.S. INDEX UP**  
The Bureau of Statistics Food Index, which tracks food prices, reached 2024 Oct. 1, 1946, at that time a record high compared with its 1923-24 base period.

It added nearly five points in June alone to reach 2022 at July 3, and two more points to 2024 at Oct. 1, the latest figure available.

The next figure, in early October, will cover the month of August. In Newfoundland, Canada's newest province, the potato crop is reported better than in other parts of the country.

But in Scotland reports a good apple crop with favorable domestic price. In New Brunswick butter prices are climbing after an earlier sampling of margarine. Legislation restricts the collection of the butter substitute and housewives are reported going back to butter.

In Ontario and Quebec where there is a demand for old-country food, the market is tight. But in the United States and Canada—residents are looking forward to buying these starchy products more plentiful than last year.

Domestic crops are good both in quality and quantity. Eggs are higher than a year ago.

**SUPPLY VARIES**  
Throughout the west, table crop and availability of fruits and vegetables vary.

In southern Saskatchewan many turn and urban gardens were destroyed by both grasshoppers and mid-winter frosts.

Alberta's carrot crop was light. Some other vegetables, mainly potatoes, are in fair supply, but reduced from one to two grades in quality because of spring drought and early fall frosts. Manitoba reports no food shortages.

## Industry, Trade Groups To Work With Dominion

TORONTO, Sept. 30.—(CP)—A National organization to co-ordinate the provincial promotion of trade and industrial development with that of the Federal Trade and Commerce Department, has been set up by John E. Oberholzer, of Edmonton. His newly-elected chairman, announced here yesterday.

## Record Tuna Catch Made

WEDBPORT, N.S., Sept. 30.—(CP)—A flying fisherman from Palm Beach, Fla., set a world tuna angling record yesterday when he landed 14 bluefin in 45 hours on the boiling tidal streets of Soldiers' Spit off this southwestern Nova Scotia village.

Stockbroker C. F. Johnson, who has made flying fishing trips to the Ryf several times this year, could hardly believe the fabulous luck which brought him the title.

His catch, a wind-up of 3,000 pounds, made only three days after Dr. C. L. Ledlow, of Philadelphia, boasted he set a world mark for an individual in a single day's fishing.

"There's no doubt that this is the best fishing hole in the world," said Johnson. "I am just plumb tuckered out because it was one strike after another."

## Teachers Group Backs Drive Against Perverts

Local Council of Women's drive against sex perverts was given unanimous support at the annual general meeting of the Edmonton Elementary Teachers' Association held Wednesday at McKay avenue school.

The meeting endorsed the Local Council's resolution demanding Criminal Code amendments to ensure that all perverts guilty of sexual crimes will be detained under proper supervision until they have had psychiatric or surgical treatment, and until competent medical authorities are satisfied they are no longer dangerous to be at large.

Harold Gerry, principal of Alameda school was elected president of the teachers' group for the 1946-47 season.

Ivy Nash, Calder school was elected vice-president. John Kulak, principal of Delton school was named second vice president, and T. D. Baker, principal of Victoria park school was elected secretary.

S. Sandbrook of King Edward park was president.

## Settlement Seen

WARSAW, Sept. 30.—(AP)—The Communist-dominated government and the Roman Catholic hierarchy have set up a five-member committee to sign an agreement today regarding their differences, a Catholic source reported.

The committee voted 44 to 0 for the recommendation. Seven countries did not vote on the proposal. They were Yugoslavia, Rumania, White Russia, the Soviet Union, Poland, Czechoslovakia and Uruguay.

## Gnup To Help Sell Goods In Stores

LONDON, Sept. 30.—(Reuters)—Sir Graham Cunningham, chairman of Britain's Retail Association, announced yesterday that a committee of advertising experts has been set up to give advice to British exporters and potential exporters on how to advertise their goods in the United States.

The committee will be headed by Sir Graham Cunningham, chairman of Britain's Retail Association, announced yesterday that a committee of advertising experts has been set up to give advice to British exporters and potential exporters on how to advertise their goods in the United States.

**TOP DEFENCE OFFICIALS** of U.S. spent day aboard carrier Franklin D. Roosevelt, watching navy demonstration of atomic warfare off East Coast. Left to right are: Vice Adm. Felix Stump, Navy Air Force Commander; Gen. Omar N. Bradley, chairman of Joint Chiefs of Staff; Sec. of Navy Francis P. Matthews; Gen. Hoyt S. Vandenberg, Air Force Chief of Staff; Sec. of Defense Louis A. Johnson; Sec. of Army Gordon Gray; Sec. of Air Force Stuart W. Symington; Adm. Louis E. Denfield, chief of naval operations and Gen. J. Lawton Collins, Army chief of staff.

## Buckingham Superintendent Under 4 Kings to Retire

By Norman Cribbens

LONDON, Sept. 30.—(CP)—Mark Seymour—a man with a load of secrets about the Royal Family—retires from his post as superintendent of Buckingham Palace at the end of September.

He has worked at the palace, under four different reigns, for nearly 40 years and in 1947 the King made him a member of the Victorian Order.

The duties of palace superintendent are numerous. Besides being a royal home, the palace also resembles a museum of art treasures.

As superintendent, 60-year-old Seymour has been responsible for the safe keeping of all these things. Upkeep and supply of furniture and fittings in the private apartments of the King and Queen and Princess Margaret all come within his scope.

**WONT TALK**  
His chief wartime job was looking after the deep bomb shelters constructed under the palace for use of the royal family. He was also responsible for the day and night efficiency of the palace's air-raid warning system.

For years newspaper men and other inquisitive folk have tried unsuccessfully to get Superintendent Seymour to talk about life within the palace walls. His response is invariably a quiet smile and a shake of the head.

Just recently Seymour has been a target for questions about the

Interviews under any circumstances.

**UNDER 4 KINGS**

King Edward VII was still on the throne when Seymour first went to the palace as a junior in the superintendent's staff in 1908. Successively, he served under King George V, Edward VIII (now the Duke of Windsor) and the present King. He was promoted from assistant superintendent to superintendent in 1930.

Seymour will be succeeded by Stanley Williams, at present superintendent of Windsor Castle.

Farms employed nine-tenths of the American labor force 150 years ago; today, only one-tenth of the labor force is on farms.

## HIS SIMPLIFICATION A BIT TOO CONFUSING

MEINCIAU, Carmarthenshire, Wales, Sept. 30.—(CP)—The signpost pointing to this village reads "Minkie"—an English translation.

"Such a ridiculous name!" comments Rev. Lloyd Williams.

Mr. Williams has asked the county council that names of all places on signposts in Wales be written in Welsh.

If he has his way, Newcastle Emllyn will become Castellnewyddemlyn—for example.

## Women's Station Wagon Coats
